ANNUAL MEETING OF  
STOCKHOLDERS AND  
PROXY STATEMENT

Chair of the Board

## Dear Stockholder:

We are pleased to invite you to attend our Annual Meeting of Stockholders on May 15, 2024, at the DoubleTree Hotel, 1201 Riverplace Boulevard, Jacksonville, Florida, at 5:30 p.m. Eastern Time. In the following Notice of 2024 Annual Meeting, we describe the matters upon which you will be asked to vote at the meeting.

The RYAM team's resilience and determination in executing strategic priorities during a challenging 2023 ensured that we emerged a leaner and more strategically focused Company and remained firmly on track toward realization of our long-term Biofuture vision.

In a year where global economic headwinds were felt to varying extents across our business segments, we succeeded in capturing value for our specialized product offerings, monetizing \$93 million in working capital, implementing a cost savings program with nearly \$30 million realized, reducing debt by \$76 million, and securing covenant relief for enhanced liquidity. We also launched a strategic process to explore the sale of our Paperboard and High-Yield Pulp businesses.

Supplemental to our continued close engagement with stockholders, we commissioned a formal investor survey in early 2023 and incorporated the resulting candid feedback into our strategy. Additionally, late last year, we held an Investor Day to share key strategic updates and priorities and solicit additional feedback. We highly value our investors and regard their feedback and support as critical and essential to our future success.

Sustainability remains central to the Company's growth strategy. In addition to making steady progress toward our greenhouse gas reduction targets, we have also begun to track and report Scope 3 emissions data and other key environmental metrics. In early 2024, we are set to commence operations at our Tartas bioethanol plant, one of several planned Biomaterials projects aimed at diversifying our product offerings, capturing significant synergistic value, benefitting the environment, and driving growth.

We have emerged from 2023 a leaner and more strategically focused company. As we enter 2024, we are confident that our strategies position RYAM for long-term success and value creation, and we are excited about the opportunities ahead.

**Please review the proxy/notice card for instructions on how to vote over the Internet, by telephone or by mail to be certain that your shares of stock are represented at the meeting, even if you plan to attend. It is important that all RYAM stockholders vote and participate in the affairs and governance of our Company.**

## NOTE ABOUT FORWARD-LOOKING STATEMENTS

Certain statements in this Proxy Statement regarding anticipated financial, business, legal or other outcomes including business and market conditions, outlook and other similar statements relating to future events, developments, or financial or operational performance or results, are “forward-looking statements” made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 and other federal securities laws. These forward-looking statements are identified by the use of words such as “may,” “will,” “should,” “could,” “expect,” “estimate,” “target,” “believe,” “intend,” “plan,” “forecast,” “anticipate,” “project,” “guidance” and other similar language. However, the absence of these or similar words or expressions does not mean that a statement is not forward-looking. Forward-looking statements are not guarantees of future performance or events and undue reliance should not be placed on these statements. Although we believe the expectations reflected in any forward-looking statements are based on reasonable assumptions, we can give no assurance that these expectations will be attained, and it is possible that actual results may differ materially from those indicated by these forward-looking statements due to a variety of risks and uncertainties. A detailed discussion of risks and uncertainties that could cause actual results and events to differ materially from such forward-looking statements is included in Item 1A-*Risk Factors* in our 2023 Annual Report on Form 10-K.

## NOTE ABOUT NON-GAAP FINANCIAL MEASURES

A “non-GAAP financial measure” is generally defined as a numerical measure of a company’s historical or future performance that excludes or includes amounts, or is subject to adjustments, so as to be different from the most directly comparable measure calculated and presented in accordance with U.S. Generally Accepted Accounting Principles (GAAP). This document contains certain non-GAAP financial measures, including Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA) and adjusted EBITDA. ***Each non-GAAP measure is reconciled to its most directly comparable GAAP financial measure in Appendix F.***

We believe these non-GAAP financial measures provide useful information to our Board of Directors, management and investors regarding our financial condition and results of operations. Our management uses these non-GAAP financial measures to compare our performance to that of prior periods for trend analyses, to determine management incentive compensation and for budgeting, forecasting and planning purposes.

We do not consider non-GAAP financial measures an alternative to financial measures determined in accordance with GAAP. The principal limitation of these non-GAAP financial measures is that they may exclude significant expense and income items that are required by GAAP to be recognized in our consolidated financial statements. In addition, they reflect the exercise of management’s judgment about which expense and income items are excluded or included in determining these non-GAAP financial measures. To compensate for these limitations, reconciliations of our non-GAAP financial measures to their most directly comparable GAAP financial measures are provided. Non-GAAP financial measures are not necessarily indicative of results that may be generated in future periods and should not be relied upon, in whole or part, in evaluating our financial condition, results of operations or future prospects.

# Commitment to Best Practices in Corporate Governance

## CORPORATE GOVERNANCE HIGHLIGHTS

Our corporate governance structure is designed to ensure that our Board effectively exercises its responsibilities and oversight of management’s performance in creating long-term value for our stockholders. The Board also plays a critical role in monitoring adherence to our Core Values and Cultural Cornerstones and promoting the exercise of responsible corporate citizenship. The Board values the feedback we receive from our stockholders and has taken these perspectives into account in implementing actions to broaden stockholder rights and enrich Board composition. Our leading corporate governance practices include:

<b>STOCKHOLDER RIGHTS</b>	
<b>Proposal to Declassify the Board of Directors</b>	In our 2019, 2020, 2022 and 2023 proxy statements, management submitted a proposal to be voted on by stockholders at the 2019, 2020, 2022 and 2023 Annual Meetings to declassify the Company’s Board of Directors. This proposal did not receive the required stockholder approval. Again, at our 2024 Annual Meeting, management is proposing that the stockholders vote to declassify the Board.
<b>Proposal to Eliminate Supermajority Voting Provisions</b>	In our 2019, 2020, 2022 and 2023 proxy statements, management submitted a proposal to be voted on by stockholders at the 2019, 2020, 2022 and 2023 Annual Meetings to eliminate supermajority voting provisions from the Company’s Amended and Restated Certificate of Incorporation in favor of a majority voting standard. This proposal did not receive the required stockholder approval. Again, at our 2024 Annual Meeting, management is proposing that the stockholders vote to eliminate the supermajority voting provisions from the Company’s Amended and Restated Certificate of Incorporation.
<b>Independent, Non-Executive Chair of the Board</b>	Our Board of Directors is led by a Non-Executive Chair.
<b>Single Voting Class</b>	All holders of RYAM Common Stock have the same voting rights - one vote per share of stock.
<b>Majority Voting Standard for Director Elections</b>	Our Amended and Restated Bylaws mandate that directors be elected under a majority voting standard in uncontested elections. Each director must receive more votes “For” his or her election than votes “Against” in order to be elected.
<b>Director Resignation</b>	Any incumbent nominee for director who does not receive the affirmative vote of a majority of the votes cast in any uncontested election shall tender his or her resignation. The Nominating and Corporate Governance Committee (Nominating Committee) will consider the resignation and make a recommendation to the full Board. The full Board will then decide to accept or reject the tendered resignation and publicly disclose its decision and rationale.

<b>BOARD COMPOSITION AND ACCOUNTABILITY</b>	
<b>Independence</b>	Our Corporate Governance Principles (CGPs) require that not less than 75% of our directors be independent. At all times during 2023, 89% (eight of nine) of our directors were independent. Additionally, each of our Audit, Compensation and Management Development, Nominating and Corporate Governance and Sustainability committees have consisted entirely of independent directors. See Director Independence section.
<b>Diversity</b>	The composition of the Board represents a diverse and broad mix of skills, experience, attributes, knowledge and perspectives relevant to our business. Three of our nine directors are women and one of the remaining six is racially/ethnically diverse. A summary of relevant director experience and qualifications can be found in the Director Qualifications section.
<b>Continuous Board Refreshment</b>	The average tenure of our directors is 6.2 years. Since 2018, the Board has appointed seven new directors, representing refreshment of 78% of the current nine-member Board in that time. Bryan D. Yokley is the Board's most recent addition, having been appointed in October 2023.
<b>Annual Management Succession Planning Review</b>	The Board conducts an annual review of management development and succession planning for the CEO and Company senior leadership. See Succession Planning section.
<b>Director Tenure</b>	Our CGPs provide that a director is required to submit an offer of resignation for consideration by the Board upon any significant change in the director's principal employment or personal circumstance that could adversely impact his or her reputation or the reputation of the Company. See Director Qualifications section.
<b>Director Overboarding Limits</b>	Our CGPs contain provisions to ensure that each of our directors is able to dedicate the meaningful amount of time and attention necessary to be a highly effective member of the Board. A director who is not serving as CEO of a public company may serve on no more than three public company boards (in addition to our Board), and a director serving as the CEO of a public company (including our CEO) may serve on no more than two other public company board (in addition to our Board). No director serving on the Company's Audit Committee may also serve on the Audit Committee of more than two other public companies.
<b>Mandatory Stock Ownership</b>	Directors with five or more years of tenure on the Board are required to own Company stock having an aggregate equity value equal to or greater than the sum of their annual cash retainers over the previous five years. Prior to reaching this ownership requirement, directors are required to hold all Company stock comprising their annual equity retainer.
<b>Annual Limit on Director Equity Awards and Cash Compensation</b>	Our Incentive Stock Plan limits annual director awards. See Annual Limit on Director Equity Awards and Cash Compensation section.

## CORPORATE GOVERNANCE PRINCIPLES

Our Board has adopted Corporate Governance Principles (CGPs) which govern the function, composition and operation of the Board. The CGPs establish, among other things, criteria for determining director independence and filling Board vacancies. Our CGPs are found on the Company's website at [www.investors.RYAM.com/governance/corporate-governance-information](http://www.investors.RYAM.com/governance/corporate-governance-information). The Board, through its Nominating Committee, regularly reviews developments in corporate governance and best practices and modifies the CGPs, committee charters and key practices as necessary or desirable.

## DIRECTOR INDEPENDENCE

The Company's Common Stock is listed on the New York Stock Exchange (NYSE). In accordance with NYSE listing standards, the Board makes affirmative determinations annually as to the independence of each director and nominee for election as a director. To assist in making such determinations, the Board has adopted a set of Director Independence Standards which conform to or, in some cases, are more exacting than, the independence requirements set forth in the NYSE listing standards. Our Director Independence Standards are appended to the Company's CGPs and are available at [www.investors.RYAM.com/governance/corporate-governance-information](http://www.investors.RYAM.com/governance/corporate-governance-information). Based on our Director Independence Standards, the Board has affirmatively determined in its business judgment that all persons who have served as directors of our Company at any time since January 1, 2023, other than Mr. Bloomquist, were independent (eight of nine).

## NON-EXECUTIVE CHAIR OF THE BOARD

On May 28, 2022, the Board elected an independent director, Lisa M. Palumbo, to serve as the Board's Non-Executive Chair. Our Board believes that the separation of the Chair and the CEO roles is appropriate and in the best interests of our Company and its stockholders at this time. This separation recognizes the time and effort our CEO is required to devote to the strategy and day-to-day management of our business and allows our Chair to focus on governance and oversight practices that benefit the long-term interests of our stockholders.

The duties of our Non-Executive Chair of the Board include:

- » Leading the Board's oversight of the management of the Company
- » Approving materials and agendas for Board meetings in consultation with other directors and management
- » Presiding during stockholder meetings, Board meetings and executive sessions of the independent directors
- » Facilitating communication among directors and the regular flow of information between management and directors
- » Serving as principal liaison between independent directors and the CEO
- » Leading independent directors in periodic reviews of the performance of the CEO
- » If requested by major stockholders, ensuring he or she is available for consultation and direct communication
- » Recommending independent outside advisors who report directly to the Board on material issues
- » Assisting the Board and the Company's officers in adhering to the CGPs
- » In collaboration with the Nominating Committee, leading the Board's annual self-assessment, Committee assignment process and recruitment efforts

## INDEPENDENT NON-MANAGEMENT DIRECTOR MEETINGS

Our independent non-management directors met separately (without the CEO or any members of management) during five regularly scheduled meetings in 2023; these meetings were chaired by our Non-Executive Chair of the Board. Independent directors also have the opportunity to meet without management present at their respective Board committee meetings.

## BOARD DIVERSITY

Our Nominating Committee evaluates the specific personal and professional attributes of each director candidate versus those of the existing Board members to ensure the Board is well-rounded in the terms of competencies, experience, attributes, personal history, background, perspective, skills and expertise. Our Board seeks representation across a range of attributes including gender, race, ethnicity, age and other factors that can enhance overall Board perspective and effectiveness. Our current Board composition well reflects the Board's commitment to these principles. The Board has appointed seven new directors since 2018, representing a refreshment rate of 78% over that period and an overall average tenure of approximately six years. Three of the Board's nine directors are women and one of the Board's male directors is racially/ethnically diverse. The Nominating Committee assesses the Board's diversity through its annual assessment of Board structure and composition and also through its review of the annual Board and committee performance evaluations.

## BOARD EVALUATION AND ASSESSMENT

Annual self-evaluation and assessment of Board performance helps ensure that the Board and its committees function effectively and in the best interest of our stockholders. This process also promotes good governance and helps set expectations about the relationship and interaction of the Board and management. The Board's annual self-evaluation and assessment process, which was overseen by our Non-Executive Chair of the Board in 2023, is currently structured and carried out as follows:

- » The Nominating Committee reviews the prior year's process of self-evaluation and assessment for the Board and Board committees, as well as current trends and best practices.
- » Under the auspices of the Nominating Committee, the Corporate Secretary facilitates the process agreed upon by the Committee. In 2023, this process consisted of preparation of suggested topics of discussion (including key events that occurred during the prior year), which were disseminated to all directors, followed by confidential interviews of each Board member by the Corporate Secretary.
- » The feedback generated from the interviews is summarized by the Corporate Secretary and shared with the Non-Executive Chair of the Board.
- » These results are then communicated in executive session to the full Board and each committee, as well as to individual directors, as appropriate, which fosters robust discussion and consensus on actions to be undertaken.
- » Changes to policies and practices, as warranted, are implemented as directed by the Board.

COMMITMENT TO BEST PRACTICES IN CORPORATE GOVERNANCE

The structure of this process is reviewed annually by the Company’s Nominating Committee, which makes changes to the process as it deems appropriate in accordance with good governance practices.

## SUCCESSION PLANNING

One of our Board’s primary responsibilities is to ensure that the Company has a high-performing management team in place. Our full Board has responsibility for management succession planning. The Board manages the succession planning process and, on an annual basis, reviews and approves succession plans for the CEO and other senior executives. This detailed process is designed to maximize the pool of qualified internal candidates who can assume top management positions. Increasing the number of diverse candidates within this pool is a key priority for the Company. To assist with this process, the CEO annually provides our Board with an assessment of senior managers and the potential of each manager to succeed to the CEO position. The CEO also provides the Board with an assessment of persons considered potential successors to senior management positions.

## OVERSIGHT OF RISK

We have a robust risk assessment and mitigation process, overseen by our Board, which includes extensive interaction among our Board, CEO and members of senior management.

BOARD OF DIRECTORS	ENTERPRISE RISK MANAGEMENT COMMITTEE	AUDIT COMMITTEE	COMPENSATION AND MANAGEMENT DEVELOPMENT COMMITTEE
<p>The Board oversees risk management through a management-led assessment process that involves direct Board committee oversight. The Board annually appoints the members of the Enterprise Risk Management (ERM) Committee, which is chaired by the CEO, who also serves as the Company’s Chief Risk Officer. Senior executives of the Company are members of the ERM Committee.</p>	<p>The ERM Committee appoints the members of business unit and staff function-level Risk Assessment and Mitigation teams, which continually identify and assess the risks facing their respective business or function and submit semi-annual reports to the ERM Committee. These reports form the basis of the ERM Committee’s annual risk assessment. This assessment is used to develop a list of enterprise-level material risks which are reported to the Audit Committee for review and evaluation of mitigation strategies.</p>	<p>The Audit Committee then assigns ongoing Board-level oversight responsibility for each material risk identified by the ERM Committee to either the full Board or the appropriate Board committee<sup>1</sup>. Presentations and other communications regarding each risk are made to the Board and/or applicable Board committee periodically during the year.</p>	<p>The ERM Committee’s annual risk assessment of the Company’s overall compensation policies and practices is presented to the Compensation and Management Development Committee (Compensation Committee).</p>

<sup>1</sup> See pages 25 and 26 for a summary of our Board committees’ areas of oversight, including risk oversight.

### Stockholder Engagement Overview

Our Board and management value and rely upon our stockholders' perspectives. To help ensure we understand and focus on the priorities that matter most to our stockholders, our directors and senior management proactively conduct thorough and extensive investor outreach throughout the year. In addition to discussing business results and initiatives, strategy and capital structure, we engage with investors on various other matters integral to our business and the Company, such as governance practices, executive compensation and sustainability.

### Specific Ways We Engaged with Stockholders in 2023

In 2023, we reached out to stockholders representing approximately 58% of our issued and outstanding shares. We successfully met and directly engaged with stockholders representing approximately 30% of our outstanding shares, either in person or via teleconference. We conducted quarterly earnings calls that were open to all investors, including analysts covering our Company, whom we invited to ask questions. To supplement our other outreach and engagement initiatives, in early 2023 we commissioned a formal investor survey through which we received candid and valuable feedback. Additionally, on October 10, 2023, we held an Investor Day at the New York Stock Exchange in which we provided our investors and other stakeholders with key insights and updates regarding the Company's strategic direction, business initiatives and financial outlook.

Furthermore, we engaged with leading proxy advisors who serve our investors and participated in five industry conferences. Our independent directors remained actively involved in our investor engagement endeavors. The feedback gathered during these interactions was carefully evaluated and considered by our Board and management.

A key focus of our outreach was to continue our dialogue with investors regarding the Company's strategy, including optimizing the balance sheet by reducing debt and leveraging growth opportunities through its biomaterial investments. This is discussed in more detail below and in the CD&A section.

Stockholders and other interested parties who would like to communicate with one or more members of the Board, a Board committee, the Non-Executive Chair of the Board or the independent non-management directors as a group may do so by writing to any such party at RYAM, c/o Corporate Secretary, 1301 Riverplace Boulevard, Suite 2300, Jacksonville, Florida 32207. All communications received will be forwarded to the intended recipient(s).

## DIRECTOR COMPENSATION

The Company uses a combination of cash and stock-based incentive compensation to attract and retain qualified candidates to serve on the Board. In setting director compensation, the Board considers the significant time commitment and the skills and experience level necessary for directors to fulfill their duties.

The Nominating Committee's annual compensation review includes a periodic analysis of data, comparing the Company's director compensation levels against a peer group of publicly held companies. Frederick W. Cook & Co., Inc. (F. W. Cook), the Board's independent compensation consultant, provides the Nominating Committee with advice and recommendations on the composition of the peer group (the same peer group used by our Compensation Committee for executive compensation benchmarking purposes, as discussed in the CD&A) and broad market survey data used for benchmarking our director compensation program. The Nominating Committee uses the information provided by F. W. Cook, as well as other data, to reach its recommendation regarding compensation to be paid to our directors. The Nominating Committee's recommendation is then provided to the full Board for review and final approval.

Our directors are subject to minimum stock ownership and stock retention requirements, as discussed in the Director Mandatory Stock Ownership and Retention Requirements section below.

### 2023/2024 Cash Compensation

Non-management director compensation is set by the Board after considering the recommendation of the Nominating Committee. For the twelve-month 2023-2024 director compensation period, which ends with the 2024 Annual Meeting, each non-management director receives the following cash compensation (which is prorated for partial year service):

- » Annual cash retainer of \$85,000, payable in equal quarterly installments
- » Additional annual cash retainers of \$20,000 for the Audit Committee Chair, and \$15,000 for each of the Compensation, Finance, Nominating and Sustainability Committee Chairs, payable in equal quarterly installments. No such additional retainer is payable to the Sustainability Committee Chair when such position is held by the then-current Non-Executive Chair of the Board; and
- » Additional annual cash retainer for the Non-Executive Chair of the Board of \$100,000, payable in equal quarterly installments

### Annual Equity Awards

For the 2023-2024 period, on or about May 18, 2023, each non-management director received a restricted stock unit (RSU) award equivalent to \$115,000 based on grant date fair value (which is prorated for partial year service), to vest on May 18, 2024 if the director has not voluntarily left the Board prior to such date (other than due to the director's death or disability or in the event of other extraordinary circumstances as determined by the Nominating Committee).

Dividends (if any) on the RSU award accrue in a separate account and are paid upon vesting, together with interest thereon at a rate equal to the Prime Rate as reported in *The Wall Street Journal*, adjusted and compounded annually as of each December 31 (the Prime Rate).

### Annual Limit on Director Equity Awards and Cash Compensation

Our current Equity Incentive Stock Plan caps annual equity awards together with cash compensation to each director at not more than \$400,000 per year.

## COMMITMENT TO BEST PRACTICES IN CORPORATE GOVERNANCE

**Cash Fees Deferral Plan**

Directors may defer up to 100% of their cash compensation. Any deferred amounts are paid to the director in a single lump sum on the conclusion of the director's term or upon termination as a director. Any deferred amounts earn interest at a rate equal to the Prime Rate.

**Director Mandatory Stock Ownership and Retention Requirements**

Directors with five or more years of tenure on the Board are required to own Company stock having an aggregate equity value equal to or greater than the sum of their annual cash retainers over the previous five years. Prior to reaching this ownership requirement, directors are required to hold all Company stock comprising their annual equity retainer. As of March 12, 2024, each of our directors is in compliance with our stock ownership and retention guidelines.

## ANTI-HEDGING/ANTI-PLEDGING POLICY

We have adopted a stringent anti-hedging and anti-pledging policy that applies to all (1) employees of the Company who are officers, (2) directors and (3) immediate family members of employees who are officers and directors and other members of their households, as well as entities controlled by any of them. Under our policy, the Company may also designate, from time to time, in our discretion, other key employees to be subject to our anti-hedging policy.

The policy precludes all hedging or other offsetting of any potential decrease in the market value of the Company's equity securities as well as pledging of Company securities. Although not limited to these specific types of transactions, under the Company's policy the following are specifically prohibited:

- » Short sales
- » Trading in options
- » Hedging transactions of all types, including the use of financial instruments such as prepaid variable forwards, equity swaps, collars and exchange funds
- » Pledges of Company securities, such as collateral for margin loans or margin accounts
- » Standing or limit orders, unless under a Rule 10b5-1 plan that meets all requirements of the Company's applicable policy and is approved by the Company's Corporate Secretary

## RELATED PERSON TRANSACTIONS

Our Board has adopted a written policy designed to minimize potential conflicts of interest in connection with Company transactions with related persons. Our policy defines a "Related Person" to include any director, executive officer or person owning more than five percent of the Company's stock, any of their immediate family members and any entity with which any of the foregoing persons are employed or affiliated. A "Related Person Transaction" is defined as a transaction, arrangement or relationship in which the Company is a participant, the amount involved exceeds \$120,000 and a Related Person has or will have a direct or indirect material interest.

To implement the policy, each year a Related Person list is compiled based on information obtained from our annual Director and Officer Questionnaires and, after review and consolidation by our Corporate Secretary, is provided to business unit, accounts payable, accounts receivable, financial, legal and communications managers and other persons responsible for purchasing or selling goods or services for the Company. Prior to entering into any transaction with a Related Person, the manager responsible for the potential transaction, or the Related Person, must provide notice to the Corporate Secretary setting out the facts and circumstances of the proposed transaction. If the Corporate Secretary determines the transaction would constitute a Related Person Transaction, it is then submitted for consideration by the Audit Committee, which will approve only those transactions determined to be in, or not inconsistent with, the best interests of the Company and its stockholders. In reviewing Related Person Transactions, the Audit Committee considers:

- » The Related Person's relationship to the Company and interest in any transaction with the Company
- » The material terms of a transaction with the Company, including the type and amount
- » The benefits to the Company of any proposed or actual transaction
- » The availability of other sources of comparable products and services that are part of a transaction with the Company; and
- » If applicable, the impact on a director's independence

In the event we become aware of a completed or ongoing Related Person Transaction that has not been previously approved, it is promptly submitted to the Audit Committee for evaluation and, if deemed appropriate, ratification.

COMMITMENT TO BEST PRACTICES IN CORPORATE GOVERNANCE

In addition, each year the persons and entities identified as Related Persons are matched against the Company's accounts payable and accounts receivable records to determine whether any Related Person participated in a transaction with the Company, regardless of the amount involved. A report of all such transactions is prepared by the Corporate Secretary and reviewed with the Audit Committee to determine if any would constitute a Related Person Transaction under our policy or would require Proxy Statement disclosure under applicable SEC rules and regulations. After conclusion of this process, the Audit Committee did not identify any Related Person Transactions occurring in 2023 that would require Proxy Statement disclosure.

# Proposal 1 - Election of Directors

Our Board is responsible for establishing overall corporate policy and for overseeing management and the ultimate performance of the Company. Our Board reviews strategy and significant developments affecting the Company and acts on matters requiring Board approval. Our Board held 9 meetings during 2023 and each director attended at least 75% of the combined total of all (i) Board meetings and (ii) meetings of committees of the Board of which the director was a member during his or her tenure as a Board member.

Our Board currently consists of nine directors divided into three classes (I, II and III) serving staggered three-year terms. Directors for each class will be voted on at the annual meeting of stockholders held in the year in which the term for that class expires and after election, will serve for a term of three years. The terms of the Class I directors will expire at the 2024 Annual Meeting of Stockholders, the terms of the Class II directors will expire at the 2025 Annual Meeting of Stockholders and the terms of the Class III directors are set to expire at the 2026 Annual Meeting of Stockholders (and such directors are nominees for election at such Annual Meeting).

Accordingly, stockholders are being asked to vote on the election of the three Class I directors, each to serve until their successors are duly elected and qualified at the 2027 Annual Meeting of Stockholders. Each of the nominees has consented to stand for election. Our Board has no reason to believe any nominee will be unable to serve as a director. If, however, a nominee should be unable to serve at the time of the 2024 Annual Meeting of Stockholders, Common Stock properly represented by valid proxies will be voted for a substitute nominee nominated by the Board. Alternatively, our Board may either allow the vacancy to remain unfilled until an appropriate candidate is located or may reduce the authorized number of directors on our Board to eliminate the unfilled seat.

If any incumbent nominee for director should fail to receive the required affirmative vote of a majority of the votes cast with regard to his or her election, then under Delaware law (the Company's state of incorporation) the director would remain in office as a holdover director until a successor is elected or the director resigns, retires or is otherwise removed. In such a situation, our CGPs require the director to tender his or her resignation to our Board. The Nominating Committee would then consider such resignation and make a recommendation to our Board as to whether to accept or decline the resignation. Our Board would then make a determination and publicly disclose its decision and rationale within 90 days after receipt of the tendered resignation.

## DIRECTOR QUALIFICATIONS

In identifying and evaluating potential nominees, our Nominating Committee seeks individuals who have the experience, skills, knowledge, expertise and personal and professional integrity to be effective, in conjunction with our other Board members, in collectively serving the long-term interests of our stockholders. Criteria for Board membership is periodically evaluated by the Nominating Committee taking into account the Company's strategy, objectives, markets, operations, regulatory environment and other relevant factors, as well as change, if any, in applicable laws and NYSE listing standards.

We believe the members of our Board have the optimal mix of relevant and diverse experience, qualifications, attributes and skills given the Company's business, together with demonstrated integrity, judgement, leadership and collegiality, to effectively advise and oversee management in executing our strategy.

Each of the directors listed below, including the three nominees for election, has experience as a senior executive and is serving or has served as a director of one or more private or public companies and on a variety of board committees. As such, each has experience in many of the following areas, which are critical to the conduct of the Company's business: strategy development and implementation; global operations; risk assessment and management; accounting and financial reporting; internal controls; capital markets and corporate finance; the evaluation, compensation, motivation and retention of senior executive talent; public policy as it impacts global industrial companies; compliance program oversight; and corporate governance. Many of the directors also bring

insights into specific end-markets and geographic regions that are important to the Company. Our directors collectively provide a range of perspectives, experiences and competencies well-suited to providing advice and counsel to management and to overseeing the Company's business and operations. See the Director Skills and Experience Matrix.

A biography of each member of the Company's Board, including the three nominees for election, is set forth below, along with a statement of each director's qualifications to serve on the Board.

*The Board of Directors recommends that you vote "FOR" each of its three nominees named below for election to the Board of Directors for a term to expire at the 2027 Annual Meeting of Stockholders.*

## **DIRECTOR NOMINATION PROCESS**

Potential director candidates may come to the attention of the Nominating Committee through current directors, management, business leaders, stockholders and others. The Nominating Committee also has, from time to time, utilized independent third-party search firms to identify potential director candidates and may do so in the future. Our Nominating Committee will consider director nominees submitted by stockholders based on the same criteria used in evaluating candidates for Board membership identified from any other source. The directions for stockholders to submit director nominations for the 2025 Annual Meeting of Stockholders are set forth in Appendix A under When Are Stockholder Proposals for the 2025 Annual Meeting of Stockholders Due?

## **FORMAL DIRECTOR ONBOARDING PROCESS**

Upon joining the Board, new directors receive a comprehensive orientation and formal onboarding process to facilitate their transition onto the Board. Our onboarding process familiarizes new directors with the Company's businesses, strategic plans, governance program, Board policies and the director's responsibilities on assigned Board committees. New directors hold meetings with the Company's senior leadership and key management team members to learn about the Company and its opportunities, challenges and risks and participate in site visits to learn about our manufacturing, quality and supply chain operations. Based on feedback received, we believe this onboarding program, coupled with participation in regular Board and Board committee meetings, provides new directors with a strong foundation in our Company's business and accelerates their ability to fully engage in Board discussions.

## **DIRECTOR ATTENDANCE AT ANNUAL MEETING OF STOCKHOLDERS**

Directors are encouraged to attend each Annual Meeting of Stockholders. At the 2023 Annual Meeting of Stockholders, all directors were in attendance.

# Proposal 2 – Approval of Amendment to Amended and Restated Certificate of Incorporation to Declassify the Board of Directors

The Company's Amended and Restated Certificate of Incorporation (the Certificate of Incorporation) provides for a classified board of directors divided into three classes of directors, with each class elected for staggered three-year terms. This structure was put in place by the Company's former parent company at the time of the spin-off of the Company in 2014, to provide the then-new Company with stability and continuity to deliberately develop and implement the best long-term, strategic course for the Company and create value over the long term.

Our Nominating and Corporate Governance Committee and Board frequently review the Company's governance structure and practices. In 2019, 2020, 2022 and again in 2023, after considering the steps taken by the Company since the spin-off toward implementing the Company's strategy, dialogue with our stockholders, current best governance practices and the advantages and disadvantages of declassification, our Board determined it to be in the best interests of the Company and its stockholders to amend the Company's Certificate of Incorporation and our Amended and Restated Bylaws (the Bylaws) to declassify the Board. The Board's proposals to declassify the Board did not receive the required support in a vote at any of the 2019, 2020, 2022 or 2023 Annual Meeting of Stockholders. As such, the Board is again asking our stockholders to approve a proposal to declassify our Board at the 2024 Annual Meeting of Stockholders.

The proposed amendment to the Certificate of Incorporation would eliminate the classification of the Board over a three-year period beginning at the 2025 Annual Meeting of Stockholders, with directors each elected to a one-year term following the expiration of their existing terms and provide for the annual election of all directors beginning at the 2027 Annual Meeting of Stockholders. This proposal will not affect the existing terms of our directors, and the directors who are nominated for election at the 2024 Annual Meeting of Stockholders, will still be elected for three-year terms, even if the proposed amendment is approved.

The proposed amendment to the Certificate of Incorporation would become effective upon the filing of a Certificate of Amendment with the Secretary of State of the State of Delaware, which the Company would file promptly following the 2024 Annual Meeting of Stockholders, if our stockholders approve the proposed amendment. The proposed amendment would not change the present number of directors or the Board's authority to change that number and to fill any vacancies or newly created directorships.

Delaware law provides that, unless otherwise addressed in the certificate of incorporation, members of a board of directors that is classified may be removed only for cause. The proposed amendment would provide that once the Company's Board is fully declassified as of the 2027 Annual Meeting of Stockholders, directors may be removed with or without cause.

The proposed amendment to the Certificate of Incorporation described in this proposal is attached to this Proxy Statement as Appendix B, which the Company will file promptly following the 2024 Annual Meeting of Stockholders if our stockholders approve the proposed amendment. The affirmative vote of the holders of not less than 80% of the outstanding shares of stock entitled to vote generally in the election of directors on the Record Date is required to approve this proposed amendment pursuant to the Certificate of Incorporation. If our stockholders approve the proposed amendment to the Certificate of Incorporation, the Board will make certain conforming changes to the Company's Bylaws and CGPs.

*The Board of Directors recommends that you vote "FOR" the proposal to amend the Certificate of Incorporation to declassify the Board of Directors and allow for annual elections of directors.*

# Proposal 3 – Approval of Amendment to Amended and Restated Certificate of Incorporation to Eliminate the Supermajority Voting Provisions

The Company's Certificate of Incorporation and Bylaws each require the affirmative vote of shares representing not less than 80% of the Company's outstanding shares of stock entitled to vote generally in the election of directors (a Supermajority Vote), to alter, amend or repeal certain provisions of those documents.

Specifically, Article XIII of the Certificate of Incorporation provides that any alteration, amendment, or repeal of, or the adoption of any provision inconsistent with, the following provisions of the Certificate of Incorporation, must be approved by a Supermajority Vote:

- » Issuance of preferred stock (Section 3 of Article IV of the Certificate of Incorporation);
- » Size, tenure, classes of directors, vacancies and director removal relating to the Board of Directors (Article VI);
- » Stockholder action, including written consents and special meetings (Article VII);
- » Indemnification of officers and directors (Article X); and
- » Amendments to the Certificate of Incorporation to change the Supermajority Voting Requirements (Article XIII).

In addition, Section 9.1 of the Bylaws provides that any alteration, amendment, or repeal of, or the adoption of any provision inconsistent with, the following provisions of the Bylaws, also must be approved by a Supermajority Vote:

- » Special meetings of stockholders and written consents by stockholders (Article II, Sections 2.2 and 2.13, respectively)
- » Board size and tenure, classes of directors, board vacancies, and director removal (Article III, Sections 3.2, 3.10 and 3.12, respectively)
- » Indemnification of directors and officers (Article VI); and
- » Amendments to the Bylaws (Article IX)

We refer to these requirements of the Certificate of Incorporation and Bylaws as the Supermajority Voting Provisions.

The Supermajority Voting Provisions were included in the Certificate of Incorporation and Bylaws by the Company's former parent company at the time of the spin-off of the Company in 2014, to provide the then-new entity with stability and continuity to deliberately develop and implement the best long-term, strategic course for the Company and create value over the long term.

Our Nominating and Corporate Governance Committee and Board frequently review the Company's governance structure and practices. In 2019, 2020, 2022 and again in 2023, after considering the steps taken by the Company since the spin-off toward implementing the Company's strategy, dialogue with our stockholders, current best governance practices and the advantages and disadvantages of the Supermajority Voting Provisions, our Board determined it to be in the best interests of the Company and its stockholders to amend the Company's Certificate

of Incorporation and Bylaws to modify those provisions. The Board’s proposal to amend the Company’s Certificate of Incorporation to remove the Supermajority Voting Provisions did not receive the required support in a vote at any of the 2019, 2020, 2022 or 2023 Annual Meeting of Stockholders.

As such, the Board is again, asking our stockholders to approve a proposal to amend the Company’s Certificate of Incorporation to remove the Supermajority Voting Provisions at the 2024 Annual Meeting of Stockholders. If the amendment is approved, future proposed amendments to the Certificate of Incorporation provisions summarized above will not be subject to a Supermajority Vote and will instead require the affirmative vote of a majority of the Company’s outstanding shares of stock entitled to vote generally in the election of directors.

The proposed amendment to the Certificate of Incorporation described in this proposal is attached to this Proxy Statement as Appendix C, which the Company will file promptly following the 2024 Annual Meeting of Stockholders if our stockholders approve the amendment. The affirmative vote of the holders of not less than 80% of the outstanding shares of stock entitled to vote generally in the election of directors on the Record Date is required to approve this proposal pursuant to the Certificate of Incorporation. If our stockholders approve the proposed amendment to the Certificate of Incorporation, the Board will make certain conforming changes to the Company’s Bylaws and CGPs.

*The Board of Directors recommends that you vote “FOR” the proposal to amend the Certificate of Incorporation to eliminate Supermajority Voting Provisions.*

# Proposal 4 – Approval of Amendment to Amended and Restated Certificate of Incorporation to Allow for Exculpation of Officers as Permitted by Delaware Law

Effective August 1, 2022, the State of Delaware, which is the Company's state of incorporation, enacted legislation that enables Delaware corporations to limit the liability of certain of their officers in limited circumstances, as permitted under Section 102(b)(7) of the Delaware General Corporation Law (DGCL). In light of this legislation, and after careful consideration, the Board of Directors has adopted a resolution setting forth and declaring the advisability of, and recommends the stockholders approve an amendment to Article IX of the Company's Certificate of Incorporation to allow for exculpation of certain of the Company's officers. Currently, Article IX of the Company's Certificate of Incorporation contains a provision eliminating the personal liability of the Company's directors for monetary damages for breach of fiduciary duty as directors, to the fullest extent permitted by the DGCL as the same exists or may hereafter be amended.

The proposed amendment is aligned with the narrow class and type of claims for which certain officers' liability can be exculpated under Section 102(b)(7) of the DGCL. Accordingly, the proposed amendment would only permit exculpation for direct claims by stockholders (as opposed to actions by or in the right of the Company) and would not apply to breaches of the duty of loyalty, acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law, or any transaction in which the officer derived an improper personal benefit. The officers who would be covered by the proposed amendment include any officer who, during the course of conduct alleged to be wrongful, (i) is or was the Company's president, chief executive officer, chief operating officer, chief financial officer, chief legal officer, controller, treasurer, or chief accounting officer; (ii) is or was identified in the Company's public filings with the SEC as a named executive officer; or (iii) has, by written agreement with the Company, consented to being identified as an officer for purposes of service of process.

In considering whether to propose the amendment, the Board of Directors considered that the role of an officer (like the role of a director) requires time-sensitive decision-making on critical matters that can lead to substantial risk of investigations, claims, actions, lawsuits, or proceedings seeking to impose liability on the basis of hindsight, especially in the current litigious environment and despite the absence of any underlying merit. The Board of Directors believes the proposed amendment better aligns the protections available to the Company's officers with those currently available to the Company's directors and it would avoid the risk of plaintiffs' lawyers adding officers to direct claims relating to breaches of the duty of care, which can lead to increased litigation and insurance costs. As a result, the proposed amendment would better position the Company to continue to attract and retain top executive talent by providing protection against the potential exposure to liabilities and costs of defense tied to such claims. For these reasons, and taking into account the limits on the types of claims for which officers' liability would be exculpated, the Board of Directors has determined that approval of the amendment to allow for exculpation of certain of the Company's officers is advisable and in the best interests of the Company and our stockholders.

PROPOSAL 4 – APPROVAL OF AMENDMENT TO AMENDED AND RESTATED CERTIFICATE OF INCORPORATION TO ALLOW FOR EXCULPATION OF OFFICERS AS PERMITTED BY DELAWARE LAW

The proposed amendment to the Certificate of Incorporation described in this proposal is attached to this Proxy Statement as Appendix D, which the Company will file promptly following the 2024 Annual Meeting of Stockholders if our stockholders approve the proposed amendment. The affirmative vote of the holders of a majority of the outstanding shares of stock entitled to vote thereon is required to approve this proposal pursuant to the Company’s Certificate of Incorporation.

If the proposed amendment is approved, Article IX of our Certificate of Incorporation limiting the personal liability of our directors for monetary damages for breach of fiduciary duty, will be amended to include references to “officer” as such term is defined by Section 102(b)(7) of the DGCL. If the proposed amendment is not approved, Article IX of our Certificate of incorporation will remain unchanged and as currently in effect.

*The Board of Directors recommends that you vote “FOR” approval of this proposal to amend the Certificate of Incorporation to allow for exculpation of officers as permitted by Delaware law.*

# Proposal 5 – Advisory Vote on Executive Compensation

## A LETTER FROM OUR COMPENSATION COMMITTEE CHAIR

On behalf of the Compensation and Management Development Committee (the Committee), I am pleased to present an overview of the Company's compensation programs and a description of how our executive pay is well aligned with the performance of the Company in the Compensation Discussion and Analysis (CD&A) for the fiscal year 2023.

As RYAM pivots to becoming a leader in biomaterials and bioenergy, the entire management team is focused on driving long-term growth and shareholder returns in what has been a particularly challenging environment. However, the Committee believes that the 2023 compensation programs were structured in a way to assist management in achieving our most important strategic and financial goals – both short and long-term.

While our long-term incentive program was unchanged from 2022, we made modifications to the short-term incentive program, specifically:

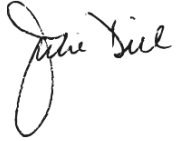

- » We eliminated the collars associated with changes in commodity prices and changed the weighting of the EBITDA metric to 50% of the bonus opportunity.
- » We replaced Days Working Capital with Operating Cash Flow.
- » We changed the weighting of our strategic objectives to 15%.
- » We added individual objectives for each member of our executive team that focused on the most important actions in their area of responsibility to drive improved performance and increased shareholder value weighted at 15%.

The results for 2023 reflect the strong alignment of pay and performance as we acknowledge the significant decline in our stock price over the course of the year. Our short-term awards for the year paid out significantly below target (in the range of approximately 61% to 83% depending on the executive), with our CEO receiving the lowest percentage. And the payout for the three-year (2021-2023) long-term incentive plan came in at zero.

In 2024 we will continue to require strong performance from the Company for payouts relating to both our short-term and long-term plans. Our short-term metrics remain unchanged from 2023 as we focus on growing our businesses, while at the same time effectively managing our balance sheet, operating our plants, and serving our customers and communities. For our long-term plan, the equity grants made for the fiscal year 2024 have the same metrics but will have two significant modifications from previous years. First, 100% of the CEO's equity grant made this year will be performance based – no restricted stock units. And second, because our share price continues to trade well below the closing price at 12/31/22, we have established a floor of \$7 for all 2024 grants made to our executive team and to the board of directors.

Our commitment to an ongoing dialogue with you is unwavering. We appreciate the insightful conversations we have had in the past, and we look forward to continuing this valuable exchange. Your input is key to our governance practices, and we value the opportunity to engage with you before, during, and after the upcoming 2024 Annual Meeting.

Our CEO, the management team and the board of directors are committed to seeing our strategic transformation through, and we thank you for remaining on this journey with us.

**JULIE A. DILL**

Chair  
Compensation and Management Development Committee

## ADVISORY RESOLUTION TO APPROVE EXECUTIVE COMPENSATION

As required by Section 14A of the Securities Exchange Act of 1934, as amended, this proposal seeks a stockholder advisory vote to approve the compensation of our Named Executive Officers (NEOs) pursuant to Item 402 of Regulation S-K through the following resolution:

**Resolved, that stockholders approve, on an advisory basis, the Company’s compensation of its Named Executive Officers as discussed and disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including in the Compensation Discussion and Analysis, the compensation tables and any related material contained in the Proxy Statement for this meeting.**

Because this is an advisory vote, it will not be binding upon the Board of Directors. However, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements.

We currently hold our advisory vote to approve the compensation of our named executive officers (Say-on-Pay vote) annually. Stockholders have an opportunity to cast an advisory vote on the frequency of the Say-on-Pay vote at least every six years, and the next advisory vote on the frequency of the Say-on-Pay vote will be at our 2027 Annual Meeting of Stockholders.

*The Board of Directors recommends that you vote  
“FOR” this advisory resolution to approve the  
compensation  
of our Named Executive Officers as disclosed in  
this Proxy Statement.*

# Compensation Discussion and Analysis

## EXECUTIVE SUMMARY

### Compensation Philosophy and Objectives

The Company's compensation philosophy is to provide executives with a competitive compensation package that is heavily weighted towards performance-based and at-risk compensation in order to encourage superior business, stock price and financial performance over both the short and long term and to closely align the interests of the Company's NEOs with those of its stockholders. The Committee oversees the Company's executive compensation program.

#### The executive compensation program has four primary objectives:

- Align executive compensation with our stockholders' interests
- Attract, engage and retain key executive talent especially in a dynamic business environment
- Reward strong business and individual performance
- Maintain a balanced mix of pay elements which focuses participants on creating sustainable long-term value for stockholders

### Changes to 2023 Incentive Design

We modified our 2023 Annual Cash Incentive Program to align compensation with the execution of our most important financial and strategic goals.

- Eliminated the collars for input cost and commodity selling prices on Adjusted EBITDA, and changed the overall weighting to 50%
- Replaced the cash flow metric of Days Working Capital with an Adjusted Operating Cash Flow metric weighted 20%.
- Reduced the corporate strategic metric weighting associated with key safety indicators, sustainability, and diversity to 15%
- Introduced individual objectives weighted at 15%

## Stockholder Engagement

The Company's Say-on-Pay proposal received majority support at the 2023 Annual Meeting with approval from 86.7% of the stockholders who voted. While pleased with the results and the improvement over the last two years, we continued to engage with our stockholders including conducting a third-party investor engagement survey and holding an Investor Day in October 2023.

## RYAM is Well Positioned to be Part of a Sustainable Future

Our commitment to strategic investments in core assets has resulted in cost reduction and improved operational efficiencies, enhancing our ability to maximize returns. As demand stabilizes across key end markets and with the realization of the full advantages stemming from our cost-reduction endeavors, we stand well prepared to capitalize on opportunities within our cellulose specialties business. Furthermore, the investments in our Biomaterials platform will serve as a catalyst to unlock additional long-term growth potential for our organization.

## 2023 Compensation Overview

In 2023, compensation adjustments were made for some NEOs based on the business outlook and market changes, specifically:

- » Mr. Moeltner received an increase in his base salary
- » Mr. Hicks received an increase in his base salary, his target bonus opportunity, as well as his long-term equity grant
- » Mr. Slaughter received an increase in his target bonus opportunity as well as his long-term equity grant
- » Mr. Bloomquist received an increase in his long-term equity grant

The illustration below shows the components of their total direct compensation, which consists of annual base salary, annual cash incentive opportunity and equity incentive values exclusive of one-time sign-on awards, measured at target.

COMPENSATION DISCUSSION AND ANALYSIS

### Compensation Best Practices

What We Do	What We Don't Do
✓ Vast majority of pay is at-risk or variable, i.e., performance-based or equity-based or both	✗ No single trigger change in control (CIC) cash payments or equity acceleration
✓ Stringent stock ownership guidelines (6x base salary for CEO)	✗ No excise tax reimbursement for payments made in connection with a change in control
✓ Clawback provisions covering both cash and equity	✗ No option or other equity award repricing
✓ Independent compensation consultant reporting to the Compensation Committee of the Board	✗ No hedging or pledging of Company securities by executives

## COMPENSATION DISCUSSION AND ANALYSIS IN DETAIL

### 2023 EXECUTIVE COMPENSATION AWARDS

The Compensation Committee approved the following compensation awards for our NEOs for 2023 based on the performance of each individual and the Company's results compared to its financial and strategic objectives.

#### Base Salary

Each of our NEOs has a competitive fixed annual base salary. Every year the Compensation Committee reviews NEO base salaries to determine appropriate adjustments, if any. In making adjustments to base salary levels, the Compensation Committee considers:

- Budgeted levels for annual salary based on benchmarking of the competitive compensation positioning of our CEO and other executive officers (see discussion below in this CD&A for further information regarding the Committee's use of benchmarking)
- The executive's level of responsibility
- The executive's experience and breadth of knowledge
- The executive's annual performance review
- The executive's role in management continuity and development plans

The base salaries for our NEOs are benchmarked against peers each year and any adjustments are effective on January 1.

	BASE SALARY (\$ 2022)	BASE SALARY (\$ 2023)
De Lyle W. Bloomquist	1,000,000	1,000,000
Marcus J. Moeltner	475,000	495,000
Joshua C. Hicks	445,000	475,000
Michael D. Osborne (hired April 10, 2023)	-	375,000
R. Colby Slaughter	400,000	400,000

### **2023 Annual Cash Incentive Program**

The Annual Cash Incentive Program provides our NEOs the opportunity to earn a performance-based annual cash incentive. Target annual cash incentive opportunities are expressed as a percentage of base salary and established based on the NEO's level of responsibility and ability to affect overall results. The Compensation Committee also considers market data provided by our compensation consultant which is updated annually. The Compensation Committee has committed to only exercising negative discretion when finalizing an NEO's annual cash incentive award.

For 2023, the program had the following elements:

- 50%: Adjusted EBITDA
- 20%: Adjusted Operating Cash Flow
- 15%: Strategic Initiatives
- 15%: Individual Objectives

### ***Adjusted EBITDA***

Adjusted EBITDA for the purpose of the Annual Cash Incentive Program is defined as earnings before interest, taxes, depreciation and amortization, adjusted for unusual and infrequent items not representative of core operations (see Appendix F) and collared for 80% of foreign exchange fluctuations that are not hedged. The Committee continued using an annual measurement cycle with an overall weighting of 50%.

In 2023, as shown in the results table which follows, the Company did not meet the Adjusted EBITDA goal established by the Compensation Committee resulting in a payout of 0%.

### ***Adjusted Operating Cash Flow***

Adjusted Operating Cash Flow for the purpose of the Annual Cash Incentive Program is a metric measuring the cash impact to the extent different than EBITDA. In 2023, as shown in the results table which follows, Adjusted Operating Cash Flow exceeded the goal established by the Compensation Committee resulting in a payout of 200%.

### ***Strategic Initiatives***

The Committee included a component of the annual cash incentive program focused on non-financial objectives, consisting of three strategic metrics:

- Safety Key Performance Indicators (KPIs)
- Diversity and Inclusion goals
- Key Sustainability Initiatives

The results were evaluated by the CEO and presented to the Committee. Based on consideration of the achievements associated with the strategic initiatives, the Committee awarded a payout of 87.5%.

### ***Individual Objectives***

The Committee included a component of the annual cash incentive program focused on individual objectives, which varied by individual, comprised of one or more of the following categories:

- Financial
- Strategy development and execution
- Sales
- ESG planning and reporting

Based on a review of the achievements associated with the individual objectives, the Committee awarded a payout of 50% of target (for Mr. Bloomquist), 100% of target (for Mr. Moeltner and Mr. Osborne), and 200% (for Mr. Hicks and Mr. Slaughter).

### Equity Incentive Program Awards Granted in 2023

For 2023, the weighting between performance-based and time-based awards remained the same at 70% and 30%, respectively.

The performance-based awards were the following:

- PSUs weighted at 35% of the overall award value measuring performance against three-year relative TSR and Cumulative Adjusted EBITDA for fiscal years 2023, 2024, and 2025
- Performance-based cash weighted at 35% of the overall award value using the same three-year goals as the PSUs
- The 2023 PSU component of the Equity Incentive Program measures relative TSR and Cumulative Adjusted EBITDA for three years. Further, if RYAM's three-year TSR is negative, payouts for the TSR component will be capped at 100% unless RYAM's relative TSR is above the 75<sup>th</sup> percentile of the peer group at which time the cap would become 150%; however, payouts under the Cumulative Adjusted EBITDA metric will be measured and scored separately.

The following are the objectives for this program:

### Relative TSR (50% Weight)

In addition to the above March 2023 Equity Incentive Program awards, Mr. Osborne received a restricted stock unit grant as part of his new hire package in the amount of \$300,000 with 50% vested on his first anniversary and 50% vested on his second anniversary.

**PAYOUT OF PREVIOUSLY AWARDED 2021 PERFORMANCE SHARE UNITS**

On February 28, 2024, the three-year performance measurement period for PSUs awarded in 2021 concluded.

**Relative TSR (50% Weighting)**

The payout for these awards was based on relative three-year cumulative TSR performance weighted at 50%. The three-year TSR was negative 48.1% and the relative ranking was at the 16<sup>th</sup> percentile which yielded no payout (0.0% of target).

## 2024 EXECUTIVE COMPENSATION AWARDS

### 2024 Annual Cash Incentive

For 2024, the program will have the same design as 2023, specifically:

- 50%: Adjusted EBITDA
- 20%: Adjusted Operating Cash Flow
- 15%: Strategic Initiatives
- 15%: Individual Goals

### 2024 Equity Incentive Program

For 2024, the weighting between performance-based and time-based awards will remain the same at 70% and 30%, respectively for NEOs other than the CEO whose awards will be 100% performance-based. The program mix is as follows:

#### CEO

- PSUs weighted at 65% of the overall award value measuring performance against three-year relative TSR compared against the S&P SmallCap 600 Capped Materials Index (weighted at 50%) and Cumulative Adjusted EBITDA goals (weighted at 50%)
- Performance Cash Units weighted at 35% of the overall award value using the same three-year goals as the PSUs

#### Other NEOs

- PSUs weighted at 35% of the overall award value measuring performance against three-year relative TSR compared against the S&P SmallCap 600 Capped Materials Index (weighted at 50%) and Cumulative Adjusted EBITDA goals (weighted at 50%)
- Performance Cash Units weighted at 35% of the overall award value using the same three-year goals as the PSUs
- RSUs at 30% of the overall award which vest three years following the date of the award

An equity price floor of \$7.00 was utilized when determining the shares granted. The use of a share price floor recognizes the Company's low share price and the desire to responsibly manage annual share usage.

## DISCIPLINED AND TRANSPARENT EXECUTIVE COMPENSATION PRACTICES

### Compensation Committee Responsibilities and Process

The Compensation Committee has responsibility for establishing our compensation principles, monitoring executive performance and approving executive compensation levels and programs, as detailed below.

COMPENSATION COMMITTEE RESPONSIBILITIES	TIMING
Review and approve compensation levels for all our executive officers	Annually in January
Review and approve all compensation-related programs for executive officers	February – Determine Annual Cash Incentive Program payouts in respect of prior fiscal year performance. Set performance measures, weightings and targets, for Equity Incentive Program awards for new fiscal year, with grants to be made in March
Establish annual performance objectives for the CEO	Annually in January
Evaluate CEO accomplishments and performance	Regular meetings throughout the year and in February when evaluating the company's prior fiscal year performance.
Ensure all major considerations relating to compensation, including metrics used to set compensation targets and awards, are appropriately evaluated and that compensation and benefit programs are properly designed, implemented and monitored	Regular meetings throughout the year, with special meetings held as needed to address matters outside the normal compensation cycle
Confer with external compensation advisor and outside counsel for compensation-related advice and benchmarking	Routinely

The Compensation Committee invites members of management to attend its meetings, as the Committee deems necessary or appropriate, to discuss and report on issues within their specific areas of expertise or responsibility. While the CEO recommends other NEOs' compensation levels to the Committee for its consideration and approval, the CEO does not participate in the deliberations of the Committee or the Board regarding his own compensation.

When making compensation recommendations and decisions, the Compensation Committee considers the CEO's assessment of the performance of each NEO other than himself; the performance of the individual and the individual's respective business unit or function; the scope of the individual's responsibilities; years of experience with the Company (or in similar positions with other companies); skills and knowledge; market compensation data; market and economic conditions; Company performance; retention considerations; and RYAM's compensation philosophy (collectively, the compensation factors). The Committee considers these compensation factors both subjectively and objectively and no single factor or combination of factors is determinative. With respect to CEO compensation, the Committee uses its judgement but generally seeks to set compensation in line with the anticipated market median for our compensation comparison group for a given year.

The Compensation Committee currently retains F. W. Cook to provide compensation consulting services. The Committee uses broad market survey data and peer group information referred to below in the "Benchmarking to Compensation Peer Groups" section provided by its compensation consultant as market reference points. The Committee also considers information the Company learns through recruiting NEOs and the experience levels and responsibilities of NEOs prior to joining the Company as reference points in setting NEO compensation.

The Compensation Committee has assessed the independence of F. W. Cook against the specific criteria under applicable SEC and NYSE criteria and rules and has determined, in its business judgement, that F. W. Cook is independent, and no conflict of interest is raised by F. W. Cook's work for the Committee.

## BENCHMARKING TO COMPENSATION PEER GROUPS

Skilled executive-level talent is essential to our success, and we compete with global companies in many industries for top people. The Compensation Committee studies market norms across the specialty chemicals industry, as well as the standards within the broader community of general industry U.S. manufacturing companies to assess and understand the competitive environment.

Our customized compensation comparison peer group, as recommended by F. W. Cook and approved by the Committee, is used to assess the competitiveness of the compensation of our CEO and other executive officers. For 2023, the Committee made changes to improve alignment of RYAM to the median of the Peer Group. The changes included the removal of Ashland Global, Ferro, Kraton, and Verso. To replace these companies, Ecovyst, Hawkins, and Ingevity were added. The following companies were included in the comparison peer group:

AdvanSix	Koppers Holdings Inc.
Ecovyst	Minerals Technologies Inc.
Glatfelter Corporation	Quaker Chemical Corporation
H.B. Fuller Company	Sensient Technologies Corporation
Hawkins	Stepan Company
Ingevity	Tredegar
Innospec Inc.	Venator Materials

We seek to include companies that compete with us for executive talent and are similar to us in industry, business model, revenue and/or market capitalization. Our Compensation Committee periodically reviews the composition of this peer group and makes changes it determines are appropriate based on changes to our businesses or to the attributes of companies in the group and the availability of their compensation data.

## Executive Officer Stock Ownership and Retention Requirements

We believe that meaningful stock ownership further focuses the senior management team on the long-term success of our business and aligns the interests of our management team with those of our stockholders. All executives at the Vice President level and higher are subject to rigorous stock ownership guidelines that require executives, within five years after taking such a position, to acquire and hold our stock with a value equal to a designated multiple of their base salary as follows:

TITLE	MULTIPLE OF BASE SALARY
President & CEO	6x
Executive Vice President	3x
Chief Financial Officer	3x
Chief Administrative Officer	3x
Senior Vice President	2x
Vice President	1x

Prior to satisfying the ownership requirement, executives are subject to retention requirements that prohibit them from selling any of our stock, other than stock withheld or sold to satisfy taxes in connection with the vesting of a stock-based award or stock option exercise. The types of securities that count toward satisfaction of the ownership requirements include Common Stock, restricted stock and RSUs, but excludes unvested performance-based awards and unexercised options. International executives may be excluded from the ownership requirements due to conflicting regulations in their country of residence.

Each year the Compensation Committee reviews each executive's progress toward meeting the guidelines and has determined that as of January 1, 2024, each of our executive officers is in compliance with our stock ownership and retention guidelines.

## Clawback Policy

Effective October 2, 2023, the Company implemented its Incentive Compensation Recovery Policy, (the Clawback Policy), which is intended to comply with new requirements under NYSE listing standards imposed by the Dodd-Frank Wall Street Reform and Consumer Protection Act and SEC rules. The policy requires the recovery of incentive-based compensation in the event of certain accounting restatements. The Board has delegated the administration of the Clawback Policy to the Compensation and Management Development Committee which has full and final authority to make all determinations under the Clawback Policy. The Clawback Policy applies to all incentive-based compensation received by our executive officers after the effective date of the policy. In the event of a triggering accounting restatement, the Compensation and Management Development Committee is tasked with recovering in a reasonably prompt timeframe all incentive-based compensation received by a covered executive officer during the applicable recovery period in excess of the compensation that would have been received had the compensation been determined using the restated amounts.

In addition, the company has maintained the clawback terms for detrimental conduct included in the annual Supplemental Terms Agreement each senior executive signs in order to receive their annual long term incentive grant. Specific detrimental conduct is defined as committing an illegal act, including but not limited to embezzlement or misappropriation of Company funds, and willful failure to comply with the material policies and procedures of the Company as determined by the Committee. The Committee believes that going beyond the minimum requirements ensures that the Company has in place a robust set of clawback policies that will enable it to recoup compensation as appropriate in all applicable circumstances.

## Risk Assessment

We undertake a thorough risk assessment of our compensation programs annually. The first phase of the assessment is an analysis by the Company's human resources compensation function, which is reviewed with the Company's ERM Committee, staffed by members of senior management. The review includes the individual programs and potential and probable risks, along with mitigation efforts established to reduce or eliminate these risks. The results of the ERM assessment are then presented to the Compensation Committee for their review and approval. Based on its assessment of our compensation programs for our employees and executives for 2023, the Compensation Committee determined that our compensation programs and practices do not motivate behavior that is reasonably likely to have a material adverse impact on the Company.

## Severance and Change in Control Benefits

### Executive Severance Pay Plan - Change in Control

As with all publicly traded companies, it is possible that our Company could face a change in control (CIC) and our business and stockholder value could be negatively affected by the uncertainty created by such a situation. To reduce such potential negative effects, encourage executive retention and foster the continued attention and dedication of senior executives even in the case of threat, rumor or occurrence of a CIC, the Compensation Committee established the Executive Severance Pay Plan, as amended, otherwise known as the Change in Control Severance Plan (CIC Severance Plan). The intent is to align executive and stockholder interests by enabling executives to consider corporate transactions that may be in the best interests of stockholders and other constituents without undue concern over whether a transaction would jeopardize the executives' employment or significantly disrupt or change the structure of their employment.

The CIC Severance Plan achieves these objectives by providing benefits to our NEOs and other eligible executives designated by the Compensation Committee, in the event of a CIC. Under the plan, if the executive is involuntarily terminated (other than for cause or due to death or disability) or terminates his or her employment for good reason (as defined in the CIC Severance Plan) within 24 months following the CIC (a double trigger), he or she will be entitled to enhanced severance benefits, which depend on the executive's status and level of responsibility.

The CIC Severance Plan does not provide any tax gross-up protection for our NEOs. It includes a “best net” provision pursuant to which a participant is entitled to the greater of (i) full CIC severance benefits with the participant responsible for payment of the excise tax, or (ii) a capped benefit, with the CIC severance benefits reduced to an amount just below the threshold for triggering the excise tax.

The Compensation Committee reviews the CIC Severance Plan annually and generally has discretion to terminate or amend the Plan, or include or exclude any executive, including any NEO, at any time prior to a CIC; however, if a CIC is underway, as defined by the Plan, any changes or amendments are not effective for two years.

#### Equity Compensation Awards and Change in Control

In the event of a CIC, the governing documents provide that outstanding stock options and time-based RSU awards will not automatically vest upon a CIC, but instead will vest upon the award holder’s involuntary termination of employment by the Company (other than for cause or due to death or disability) or termination for good reason occurring within two years following a CIC transaction (a double trigger). Performance shares or PSUs that remain outstanding upon such a qualifying termination will vest at target if the performance period is not more than 50% complete at the time of such termination; if the performance period is more than 50% complete at the time of the qualifying termination, outstanding performance shares or PSUs will vest at the greater of target or actual performance achievement through the time of such termination.

#### Executive Severance Non-Change in Control Plan

Our Executive Severance Non-Change in Control Plan (Non-CIC Severance Plan) provides enhanced severance benefits to all salaried employees at the level of vice president (or their internal equivalent) and above, including the NEOs, in the event their employment is terminated other than for cause or other non-qualifying terminations defined in the plan. Benefits may range from nine months to 24 months of base salary plus target Annual Cash Incentive dependent on the executive’s status and level of responsibility. In the event of an executive termination triggered by a CIC, the executive would receive severance benefits only under the CIC Severance Plan.

The potential payments and other benefits under the CIC Severance Plan and the Non-CIC Severance Plan are calculated in the Potential Payments Upon Termination or Change in Control table which also indicates the individual severance multiple for each NEO. Such potential payments do not affect the Compensation Committee’s decisions regarding executive compensation, including base salary, annual cash incentive and long-term incentive award levels.

#### **Retirement Benefits**

The Company has adopted the tax-qualified 401(k) plans and non-qualified excess savings/deferred compensation plans described below. Our Compensation Committee undertakes an annual, comprehensive review of these plans, to determine if any modifications are necessary or appropriate in light of current trends and best practices, the nature of our business and competitive factors.

We place great value on the long-term commitment that many of our employees and NEOs have made to the Company and wish to incentivize our employees to remain with the Company and focus on building sustainable value over the long term. Therefore, we have determined that it is appropriate to provide employees with competitive retirement benefits as part of their overall compensation package.

We maintain the following plans and programs to provide retirement benefits to our employees:

- » The Rayonier Advanced Materials Inc. Investment and Savings Plan for Salaried Employees (401(k) Plan)
- » The Rayonier Advanced Materials Inc. Excess Savings and Deferred Compensation Plan (Excess Savings and Deferred Compensation Plan)

For additional information regarding our Excess Savings and Deferred Compensation Plan, see the discussion following the Non-Qualified Deferred Compensation Table.

COMPENSATION DISCUSSION AND ANALYSIS

### Limited Perquisites

We provide our NEOs with limited perquisites, which are reviewed annually by our Compensation Committee. Under our perquisites program, in addition to personal benefits that are available broadly to our employees, our NEOs are eligible to participate in two programs:

- » Executive Physical Program: Each executive-level employee is encouraged to have a physical examination every other year until age 50 and every year after 50.
- » Senior Executive Tax and Financial Planning Program: This program provides reimbursement to senior executives, including our NEOs, for expenses incurred for financial and estate planning and for preparation of annual income tax returns. Reimbursements are taxable to the recipient and are not grossed-up for tax purposes. The annual reimbursement limit remained unchanged for 2023 and was \$25,000 for Mr. Bloomquist and \$10,000 for all other participants.

We do not provide Company cars, pay car allowances, personal club membership dues, home-security expenses, or provide chartered aircraft for personal use.

### Certain Tax Considerations

Section 162(m) of the Internal Revenue Code (IRC) generally prohibits a public company from deducting compensation paid in any year in excess of \$1 million to its CEO and other covered employees. In evaluating executive compensation components, the Compensation Committee considers the net cost to us and its ability to effectively administer executive compensation in the long-term interest of stockholders. The Compensation Committee believes that it is important to preserve flexibility in administering compensation programs in a manner designed to promote corporate goals. Accordingly, the Committee retains the flexibility to approve elements of compensation that it believes are consistent with the objectives of our executive compensation program, even if that might result in the non-deductibility under the IRC.

## REPORT OF THE COMPENSATION AND MANAGEMENT DEVELOPMENT COMMITTEE

The following report of our Compensation and Management Development Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other previous or future filings by us under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that we specifically incorporate this report by reference therein.

The Compensation and Management Development Committee of the Rayonier Advanced Materials Inc. Board of Directors (the Compensation Committee) has reviewed and discussed the Compensation Discussion and Analysis as required by Item 402(b) of SEC Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference into the Company's 2023 Annual Report on Form 10-K filed with the SEC.

(1) The amount for 2021 for Mr. Hicks reflects a \$475,000 cash inducement award and a pro-rata 2021 incentive payment in connection with his December 6, 2021 hire.

(2) Reflects the grant date fair value computed in accordance with FASB ASC Topic 718 for PSU awards granted in 2021, 2022 and 2023 using a Monte Carlo simulation model. A discussion of the assumptions used in calculating these values may be found in Note 16 Incentive Stock Plans includes in the notes to the consolidated financial statements in our 2023 Annual Report on Form 10-K. Amounts reflect our accounting for these awards and do not necessarily correspond to the actual values that may be realized by our NEOs. The PSU awards vest following completion of the 36-month performance period upon the determination of the amount earned, if any, based upon performance achievement and actual award value can range from zero to 200% of the target. The LPU awards vest following completion of the 36-month performance period upon the determination of the amount earned, if any, based upon performance achievement and actual award value can range from zero to 250% of the target. See the Equity Incentive Program section of the CD&A for additional information.

The grant date fair value of PSU awards were computed based on the probable outcome of the performance conditions as of the grant date of such awards, which was at target. The respective grant date fair values of the PSUs granted in 2021, 2022 and 2023, as applicable, assuming at such grant date the maximum payment (200% of target in the case of 2021, 2022 and 2023 PSUs and 250% of target in the case of 2022 LPUs), would have been as follows: Mr. Bloomquist, \$2,567,808 and \$2,523,046; Mr. Moeltner, \$546,077, \$1,458,781, and \$654,125; Mr. Hicks, \$563,385, \$1,175,484, and \$654,125; Mr. Osborne, \$143,246; and Mr. Slaughter \$233,015, \$514,888, and \$420,538.

(3) Amounts under the Non-Equity Incentive Plan Compensation column represent annual cash incentive awards under our 2023, 2022 and 2021 Annual Cash Incentive Programs.

(4) Reflects the annual aggregate change in actuarial present value of the participant's pension benefit under the Company's retirement plans in 2023. None of our NEOs participate in the closed pension plan. There were no above-market earnings on non-qualified deferred compensation.

(5) The All Other Compensation column in the 2023 Summary Compensation Table above includes the following for 2023: financial planning and tax services, 401(k) retirement contributions, Excess Savings Plans, and other miscellaneous items.

- (1) 2023 Equity Incentive Program grants were approved February 15, 2023 and the grant date reflects the date on which the Compensation Committee approved the applicable performance measures. Our Equity Incentive Program RSU and PSU awards granted March 1 are set in dollars and converted to shares using the closing price of RYAM stock on the March 1, 2023 award date, which was \$8.39 per share. The closing price used to calculate the number of shares was \$5.71 for Mr. Osborne's April 10, 2023 RSUs and Mr. Osborne's May 17, 2023 RSU & PSU awards used the March 1, 2023 stock price of \$8.39 per share.
- (2) Reflects range of potential cash incentive awards under the 2023 Annual Cash Incentive Program. Awards can range from zero to 200% of the target cash incentive award. See the 2023 Annual Cash Incentive Program section of the CD&A for more information. The actual amount earned by each NEO for 2023 is reflected in the 2023 Summary Compensation Table under the Non-Equity Incentive Plan Compensation column.
- (3) Reflects performance cash unit awards approved February 15, 2023 as a part of 2023 long-term incentives; the grant date reflects the date on which the Compensation Committee approved the applicable performance measures. Each performance cash unit represents the right to receive a cash payment equal to \$1 on the vesting date which is three years from the grant date. Awards can range from zero to 200% of the target units/value. See the 2023 Equity Incentive Program section of the CD&A for additional information. The actual amount earned if any will be reflected in the 2026 Proxy Statement in the Summary Compensation Table under the Non-Equity Incentive Plan Compensation column.
- (4) Reflects potential payouts, in numbers of shares, that were possible to earn under the 2023 Equity Incentive Program PSU awards. Payouts can range from zero to 200% of the target units/value for PSUs. See the Equity Incentive Program Awards in 2023 section of the CD&A for additional information.

- (5) Reflects RSUs awarded March 1, 2023 under the 2023 Equity Award Program. Mr. Osborne's April RSUs were awarded in connection with his April 10, 2023 hire. Mr. Osborne's RSUs under the 2023 Equity Award Program were awarded May 17, 2023.
- (6) Reflects the grant date fair value of each equity award computed in accordance with FASB Topic 718. For PSUs the grant date fair value is computed based on the probable outcome of the performance conditions as of the grant date of the award, using the Monte Carlo simulation model which utilizes multiple input variables that determine the probability of satisfying the performance conditions stipulated in the award to determine the fair market value. A discussion of the assumptions used in calculating these values may be found in the Incentive Stock Plans note to our financial statements included in our Annual Report on Form 10-K for 2023. No options were granted to the NEOs in 2023.

- (1) All Executive and Company contributions in the last fiscal year are reflected in the Summary Compensation Table in this Proxy Statement as 2023 compensation.
- (2) The sum of all contributions and credited earnings, less withdrawals. Of these totals, the following amounts have been included in the Summary Compensation Table in prior years: Mr. Bloomquist, \$34,358; Mr. Moeltner, \$106,679; Mr. Hicks, \$28,028; Mr. Osborne, \$0; and Mr. Slaughter \$0.

The Rayonier Advanced Materials Inc. Excess Savings and Deferred Compensation Plan (the Excess Savings Plan) is a nonqualified, unfunded plan that consists of two components, an Excess Savings component (a supplement to the Rayonier Advanced Materials Investment Savings Plan for Salaried Employees (the Savings Plan)) and an Excess Base Salary and Bonus Deferral component.

The Savings Plan, which is our tax qualified 401(k) plan, is not reflected in the table above which under SEC rules covers only our non-qualified deferred compensation plan. The Savings Plan is designed to encourage salaried employees to save and invest for retirement. Under this Plan, employees may contribute up to the annual IRS limits on a pre-tax basis. The Company matches such contributions at a rate of \$.50 for each \$1.00 up to 8% of the employee's base salary. The retirement contribution was increased and automatic enrollment of all new salaried employees in the Savings Plan implemented, coincident with the closing of the Company's defined benefit pension plan to new salaried employees effective January 1, 2006. This change reflects the Company's desire that salaried employees take a more active role in planning, saving and investing for retirement.

EXECUTIVE COMPENSATION TABLES AND RELATED INFORMATION

The Company contributions to the Savings Plan, both matching and retirement contributions, vest at a rate of 20% per year over the participant's first five years of employment. These contributions are reflected as compensation in the Summary Compensation Table in this Proxy Statement.

The Excess Savings Plan supplements the Savings Plan by providing employees with Company contributions that are lost due to the IRC regulations limiting employee contributions to tax qualified 401(k) plans. Participants can contribute up to 8% of total base salary. The Company contributes up to 4% of total base salary (reduced by the regular matching contributions made under the Savings Plan). Amounts contributed by participants and the Company match, are unsecured, but earn a return equal to 120% of the applicable federal long-term rate (adjusted monthly). The average interest rate in 2023 was 4.85%. Excess Savings Plan participants may elect to receive a lump sum or annual installments upon termination of employment.

The Excess Base Salary and Bonus Deferral component of the Excess Savings Plan allows employees with a base salary in excess of \$175,000 the opportunity to defer up to 100% of their base salary and all or any portion of their annual cash incentive award. Amounts deferred are unsecured but earn a return equal to the 10-year treasury rate plus 1.50% (adjusted monthly). The average treasury interest rate in 2023 was 3.96%. Excess Base Salary Deferral and Annual Bonus Deferral participants may elect to receive a lump sum or annual installments not to exceed fifteen years upon termination of employment or a specific date.

- (1) For purposes of calculating the executive's cash severance entitlement, represents the executive's base salary and target Annual Cash Incentive pay times the applicable tier multiplier under the Non-CIC Severance Plan (2 times for Tier I, 1.5 times for Tier II, and 1 times for Tier III) and pro-rata as of December 31, 2023. Mr. Bloomquist is included in Tier I; Messrs. Moeltner, Hicks, Osborne, and Slaughter are included in Tier II.
- (2) For purposes of calculating the executive's cash severance entitlement, the executive's base pay is multiplied by the applicable tier multiplier under the CIC Severance Plan (3 times for Tier I and 2 times for Tier II). Messrs. Bloomquist, Moeltner, Hicks, and Slaughter are included in Tier I and Mr. Osborne is included in Tier II. For purposes of calculating the Annual Cash Incentive Severance, the applicable tier multiplier is applied to the greater of: (i) the highest annual bonus received over the three years preceding the termination of employment; (ii) the target Annual Cash Incentive for the year in which the CIC occurred; or (iii) the target Annual Cash Incentive in the year of termination, which is the full-year cash incentive for termination as of December 31, 2023.

## EXECUTIVE COMPENSATION TABLES AND RELATED INFORMATION

- (3) Represents the value of an additional two or three years, based upon the applicable tier multiplier, of additional years participation in the Savings Plan at the executive's current contribution levels.
- (4) Represents: (i) the present value of the annual Company contribution to health and welfare plans times the applicable tier multiplier; (ii) the value of the executive's annual tax and financial planning allowance of \$25,000 for Mr. Bloomquist, and \$10,000 for the other NEOs; and (iii) up to \$30,000 in outplacement services.
- (5) PSU and RSU awards were valued using the closing price of the Company's stock on December 31, 2023. Any payout of the PSUs is subject to any common stock share cap under the Equity Incentive Plan in effect at the time of grant. Under the CIC Severance Plan, outstanding PSUs for which the performance period is not more than 50% complete will vest at target upon a change in control. Outstanding PSUs and LPUs for which the performance period is more than 50% complete at the time of the change in control will vest at the greater of target or actual performance achievement as determined pursuant to CIC Severance Plan terms. All outstanding PSUs and LPUs are reflected at 100%.

As discussed in the CD&A under Severance Pay and Change in Control Benefits, under our CIC Severance Plan, there are no excise tax reimbursements made for our executives. They are instead subject to a net best provision whereby the executive would be entitled to the greater after-tax benefit of either (i) full CIC payments and benefits, for which the executive is responsible for the payment of any applicable 208G excise tax or (ii) CIC payments and benefits cut back to the amount that would result in no 280G excise tax for the executive.

Our Non-CIC Severance Plan provides severance benefits to employees at the level of Vice President and above, including the NEOs, in the event their employment is terminated (other than for cause or other non-qualifying terminations defined in the plan). This Non-CIC Severance Plan replaces the Severance Pay Plan for Salaried Employees for the executive level group of employees. Benefits may range from nine months to 24 months of base salary plus target annual incentive. The individual severance multipliers for the NEOs are noted in the footnotes to the table above.

The amounts shown in the table above do not include payments and benefits to the extent that they are provided on a non-discriminatory basis to salaried employees generally upon termination of employment, including accrued salary, vacation pay, regular pension benefits, welfare benefits and 401(k) distributions. Amounts that would be distributed pursuant to the Company's nonqualified deferred compensation plans are indicated in the Nonqualified Deferred Compensation table. Other than as reflected in the table and footnote (3) above, amounts that would be distributed pursuant to the Company's tax-qualified and non-qualified retirement plans are indicated in the Pension Benefits table.

A termination by an executive within two years after a change in control would generally be for good reason if it results from: (i) a significant diminution in the executive's position or the assignment to the executive of any duties inconsistent in any respect with his or her position (including status, offices, titles and reporting requirements), authority, duties, or responsibilities immediately before the change in control; (ii) any material reduction in the executive's salary, annual cash incentive award opportunities, benefits, or other compensation; (iii) the relocation of the executive's principal place of business by more than 50 miles from his or her previous place of business; or (iv) any termination of the CIC Severance Plan (or the executive's participation therein) other than by its express terms.

Regardless of whether a change in control had occurred, an executive would not be entitled to payments under the CIC Severance Plan if he or she was terminated for cause. A termination of an executive generally would be for cause if it was due to (i) the willful and continued refusal of the executive to substantially perform his or her employment duties following written notification by Rayonier Advanced Materials' Board of Directors; or (ii) engagement of the executive in illegal conduct or gross misconduct that is demonstrably injurious to the Company, including an indictment or charge by any prosecuting agency with the commission of a felony.

The Company may condition payment of a portion of an executive's severance benefits under the CIC Severance Plan upon his or her agreement to adhere to confidentiality covenants, as well as to refrain from disparaging the Company (subject to certain limitations as required by law) or its products; competing directly with the Company; or inducing certain employees to terminate employment or service with the Company. These covenants would generally remain in effect for the shorter of one year from the executive's termination or two years following a CIC, except that the confidentiality covenants would remain in effect for the longer of two years from the executive's termination or three years following a CIC. By accepting the conditioned payments, an executive will be deemed to have consented to the issuance of a temporary restraining order to maintain the status quo pending the outcome of any equitable proceeding that may be brought by Rayonier Advanced Materials to enforce such covenants.

Unless otherwise indicated, all cash payments would be made by the Company in a lump sum, although the timing of some payments and benefits may be delayed by six months after termination in accordance with IRC Section 409A, which regulates deferred compensation. The Company has established two rabbi trusts related to the CIC Severance Plan. One is designed to defray the legal costs incurred by the executives in enforcing their rights under the CIC Severance Plan if the Company does not meet its obligations. The Company has funded \$3,238,165.05 to this trust. If there is a CIC of the Company, the Company would transfer to the second trust an amount sufficient to satisfy the cash payments that would be required to be paid in the event of a qualifying termination of executives covered under the CIC Severance Plan.

## CEO PAY RATIO

The annual total compensation of our median-paid employee on a worldwide basis for 2023 was \$113,815. The annual total compensation of our CEO for 2023, as reported in the 2023 Summary Compensation Table, was \$3,732,138. The ratio of our CEO's total compensation to our median employee's total compensation was 33 to 1, which is calculated by dividing the CEO's annual total compensation by that of our median-paid employee.

In accordance with SEC rules, we have used the same median employee who was identified for the 2021 disclosure. An analysis was conducted using payroll records to confirm the employee population remained consistent with the prior year reporting. There have been no changes to compensation arrangements the Company reasonably believes would result in a significant change to its pay ratio disclosure. A recalculation of the median employee's 2023 annual total compensation was conducted as required.

We believe the CEO pay ratio is a reasonable estimate calculated in a manner consistent with SEC rules based on our payroll and employment records and the methodology described above. The pay ratio reported by other companies may not be comparable to ours, as other companies may have different employment and compensation practices and may use different methodologies in calculating their pay ratios.

## PAY VERSUS PERFORMANCE

Provided below is the Company’s “pay versus performance” disclosure as required pursuant to Item 402(v) of Regulation S-K promulgated under the Exchange Act. As required by Item 402(v), we have included:

- A list of the most important financial measures that our Compensation Committee used in 2023 to link a measure of pay calculated in accordance with Item 402(v) (referred to as “compensation actually paid,” or “CAP”) to Company performance;
- A table that compares the total compensation of our CEO and other NEOs as presented in the SCT in this Proxy Statement to CAP and that compares CAP to specified performance measures; and
- Graphs that describe:
  - The relationship between our total shareholder return (TSR) and the TSR of the S&P 600 Materials Index (Peer Group TSR); and
  - The relationships between CAP and our cumulative TSR, GAAP Net Income, and our Company selected measure, Adjusted EBITDA.

This disclosure had been prepared in accordance with Item 402(v) and does not necessarily reflect value actually realized by the NEOs or how our Compensation Committee evaluates compensation decisions in light of Company or individual performance. In particular, our Compensation Committee has not used CAP as a basis for making compensation decisions, nor does it use GAAP Net Income for purposes of determining incentive compensation. Please refer to our CD&A in this Proxy Statement for a discussion of our executive compensation program objectives and the ways in which we align executive compensation pay with performance.

Salary, Bonus, Non-Equity Incentive Plan Compensation, Nonqualified Deferred Compensation Earnings and All Other Compensation are each calculated in the same manner for purposes of both CAP and SCT. There are two primary differences between the calculation of CAP and SCT total compensation:

	SCT TOTAL	CAP
Pension	Year over year change in the actuarial present value of pension benefits	Current year service cost and any prior year service cost (if a plan amendment occurred during the year)
Stock and Option Awards	Grant date fair value of stock and option awards granted during the year	Year over year change in the fair value of stock and option awards that are unvested as of the end of the year or vested or were forfeited during the year. (1)

(1) Includes any dividends paid on equity awards in the fiscal year prior to the vesting date that are not otherwise reflected in the fair value of such award.

**Metrics Used for Linking Pay and Performance.** The following is a list of financial performance measures, which in our assessment represent the most important financial performance measures used by the Company to link compensation actually paid to the NEOs for 2023. Each metric below is used for purposes of determining payouts under either our annual incentive program or vesting of our performance stock units. Please see the CD&A for a further description of these metrics and how they are used in the Company’s executive compensation program.

- Adjusted EBITDA
- Relative TSR
- Adjusted Operating Cash Flow

## EXECUTIVE COMPENSATION TABLES AND RELATED INFORMATION

Adjusted EBITDA was the most heavily weighted financial performance metric under our 2023 Annual Incentive Plan and is an important top-line measure that, when combined with the other measures in the Annual Incentive Plan and performance share unit awards, support long-term shareholder value creation. Adjusted EBITDA is the Company-selected measure included in the table and graphs that follow.

**Relationship between Company TSR and Peer Group TSR and CAP and Company TSR.**

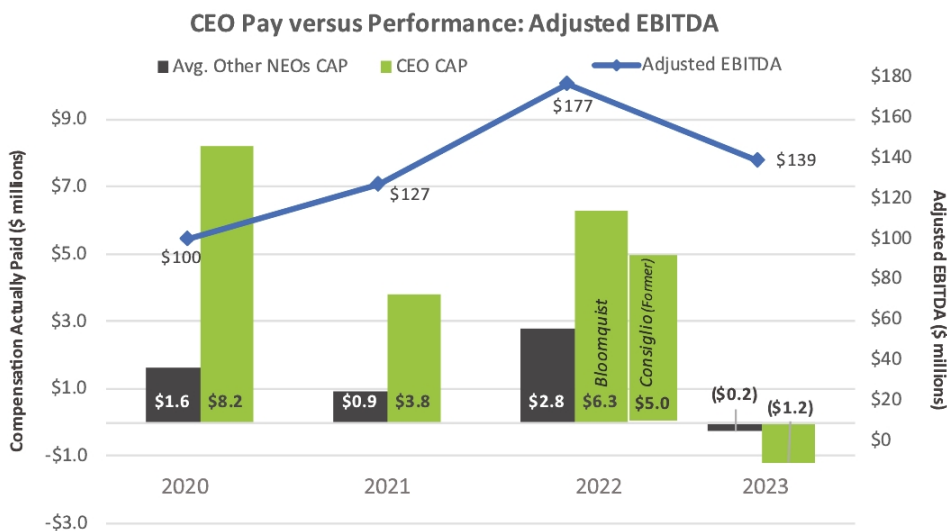

The graphs below illustrate the relationship between our TSR and the Peer Group TSR, as well as the relationship between CAP and our TSR for the CEO and the other NEOs. For reference, SCT total compensation values for each year are also shown. As the graphs below illustrate, CAP amounts for our CEO and other NEOs are aligned with the Company’s TSR, as intended. The graph below also illustrates the relationship between our TSR and the Peer Group TSR.

**Relationship between CAP and GAAP Net Income.** The graph reflects the relationship between the CEO and Average Other NEO CAP and our GAAP Net Income. GAAP Net Income is not used as a metric in our annual or long-term incentive plans.

**Relationship between CAP and Adjusted EBITDA (our Company-Selected Measure).** The graph below reflects the relationship between CEO and Average Other NEO CAP and Adjusted EBITDA. Adjusted EBITDA determined 50% of business funding under our 2023 Annual Incentive Plan and is an important measure that, when combined with the other measures in the Annual Incentive Plan and equity incentive program awards, support long-term shareholder value creation. This internal metric is closely aligned with our Company Selected Metric, Adjusted EBITDA. The graph below reflects the relationship between the CEO and Average Other NEO CAP and our Adjusted EBITDA for each year.

# Proposal 6 – Ratification of the Appointment of Independent Registered Public Accounting Firm

## APPOINTMENT OF GRANT THORNTON AS INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL YEAR 2024

On February 14, 2024, the Audit Committee appointed Grant Thornton as the independent registered public accounting firm for the Company for the fiscal year ending December 31, 2024. Although submission of the appointment for ratification by the stockholders is not legally required, the Board believes that it is consistent with best practices and is an opportunity for stockholders to provide direct feedback to the Board on this important issue of corporate governance. If the stockholders do not ratify the selection of Grant Thornton, the Audit Committee will reconsider the selection of the independent registered public accounting firm for the Company for 2024.

Representatives of Grant Thornton will be present at the 2024 Annual Meeting to respond to appropriate questions, and they will have an opportunity to make a statement if they desire to do so.

*The Board of Directors recommends that you vote “FOR” the ratification of the appointment of Grant Thornton as our independent registered public accounting firm for 2024*

## APPENDIX A

## QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

Note that if you do not vote your stock held in any of these Company employee benefit plans or do not specify your voting instructions on your proxy card, the trustee of the employee benefit plans will vote your plan stock in the same proportion as the stock for which voting instructions have been received, except as otherwise required by the Employee Retirement Income Security Act of 1974, as amended. **To allow sufficient time for voting by the trustee, your voting instructions for stock held in the above employee benefit plans must be received by May 12, 2024.**

#### Q: WHAT DO I NEED TO DO TO ATTEND THE ANNUAL MEETING?

**A: To attend the Annual Meeting, you will need to bring (1) proof of ownership of Common Stock as of the record date, which is the close of business on March 15, 2024, and (2) a valid government-issued photo identification.** If you are a stockholder of record, proof of ownership can include your proxy card or the Internet Notice. If your stock is held in the name of a broker, bank or other holder of record, you must present proof of your beneficial ownership, such as a proxy obtained from your street name nominee (particularly if you want to vote your stock at the Annual Meeting) or a bank or brokerage account statement (in which case you will not be able to vote your stock at the Annual Meeting), reflecting your ownership of Common Stock as of the record date. **If you do not have proof of ownership together with a valid government-issued photo identification, you will not be admitted to the meeting.**

Admission to the Annual Meeting is limited to stockholders as of the record date and one immediate family member; one individual properly designated as a stockholder's authorized proxy holder; or one qualified representative authorized to present a stockholder proposal properly before the meeting.

**No cameras, recording equipment, large bags, briefcases, or packages will be permitted in the Annual Meeting.** The Company may implement additional security procedures to ensure the safety of the meeting attendees.

#### Q: IS MY VOTE CONFIDENTIAL?

**A:** Proxy cards, ballots and reports of Internet and telephone voting results that identify individual stockholders are mailed or returned directly to Broadridge, our vote tabulator and handled in a manner that protects your privacy. Your vote will not be disclosed except:

- » As needed to permit Broadridge and our inspector of elections to tabulate and certify the vote
- » As required by law
- » If we determine that a genuine dispute exists as to the accuracy or authenticity of a proxy, ballot or vote; or
- » In the event of a proxy contest where all parties to the contest do not agree to follow our confidentiality policy

#### Q: WHAT STOCK IS COVERED BY MY INTERNET NOTICE OR PROXY CARD?

**A:** You should have been provided an Internet Notice or proxy card for each account in which you own Common Stock either:

- » Directly with Computershare, our transfer agent, as a stockholder of record, which includes stock purchased through any of our employee benefit plans; or
- » Indirectly through a broker, bank or other holder of record.

#### Q: WHAT DOES IT MEAN IF I RECEIVE MORE THAN ONE INTERNET NOTICE OR PROXY CARD?

**A:** It means that you have multiple accounts in which you own Common Stock. **Please vote all stock in each account for which you receive an Internet Notice or proxy card to ensure that all your stock is voted.** However, for your convenience we recommend that you contact your broker, bank or our transfer agent to consolidate as many accounts as possible under a single name and address. Our transfer agent is Computershare. All communications concerning stock you hold in your name, including address changes, name changes, requests to transfer stock and similar issues, can be handled by making a toll-free call to Computershare at 1-866-246-0322. - » Giving timely written notice of revocation of your proxy to our Corporate Secretary at 1301 Riverplace Boulevard, Suite 2300, Jacksonville, Florida 32207; or
- » Voting again in person before the polls close at the Annual Meeting

**Q: HOW MANY VOTES ARE NEEDED TO HOLD THE MEETING?**

**A:** In order to conduct the Annual Meeting, a majority of the Common Stock outstanding as of the close of business on the Record Date, March 15, 2024, must be present, either in person or represented by proxy. All stock voted pursuant to properly submitted proxies and ballots, as well as abstentions and stock voted on a discretionary basis by banks, brokers or other holders of record in the absence of voting instructions from their customers, will be counted as present and entitled to vote for purposes of satisfying this requirement.

**Q: HOW MANY VOTES ARE NEEDED TO ELECT THE NOMINEES FOR DIRECTOR?**

**A:** The affirmative vote of a majority of the votes cast with respect to each nominee at the Annual Meeting is required to elect that nominee as a director. For this proposal, a majority of the votes cast means that the number of votes "FOR" a nominee must exceed the number of votes "AGAINST" a nominee. Abstentions will therefore not affect the outcome of director elections.

Please note that under NYSE rules, banks and brokers are not permitted to vote the uninstructed stock of their customers on a discretionary basis (referred to as broker non-votes) in the election of directors. As a result, if you hold your stock through an account with a bank or broker and you do not instruct your bank or broker how to vote your stock in the election of directors, no votes will be cast on your behalf in the

election of directors. **Because broker non-votes will have no effect on the outcome of the vote, it is critical that you instruct your bank or broker if you want your vote to be counted in the election of directors.**

**Q: HOW MANY VOTES ARE NEEDED TO APPROVE THE PROPOSAL TO AMEND THE COMPANY'S AMENDED AND RESTATED CERTIFICATE OF INCORPORATION TO DECLASSIFY THE BOARD OF DIRECTORS?**

**A:** The proposal to amend the Company's Amended and Restated Certificate of Incorporation to declassify the board of directors will be approved if holders of 80% of the outstanding shares of stock entitled to vote at the Annual Meeting cast votes "FOR" the proposal. Failing to vote or abstaining from voting will have the same effect as a vote against the proposal.

Banks and brokers are not permitted to vote uninstructed stock for any Company proposals relating to a Board declassification proposal. As a result, if you hold your stock through an account with a bank or broker and you do not instruct your bank or broker how to vote your stock on this proposal, no votes will be cast on your behalf with regard to approval of the proposal. **Because broker non-votes will have the same effect as a vote against the proposed amendment, it is critical that you instruct your bank or broker if you want your vote to be counted in the approval of the proposal.**

**Q: HOW MANY VOTES ARE NEEDED TO APPROVE THE PROPOSAL TO AMEND THE COMPANY'S AMENDED AND RESTATED CERTIFICATE OF INCORPORATION TO ELIMINATE THE SUPERMAJORITY VOTING PROVISIONS?**

**A:** The proposal to amend the Company's Amended and Restated Certificate of Incorporation to remove the supermajority voting provisions will be approved if holders of 80% of the outstanding shares of stock entitled to vote at the Annual Meeting cast votes "FOR" the proposal. Failing to vote or abstaining from voting will have the same effect as a vote against the proposal.

Banks and brokers are not permitted to vote uninstructed stock for any Company proposals relating to removal of supermajority voting provisions. As a result, if you hold your stock through an account with a bank or broker and you do not instruct your bank or

## QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

broker how to vote your stock on this proposal, no votes will be cast on your behalf with regard to approval of the proposal. **Because broker non-votes will have the same effect as a vote against the proposed amendment, it is critical that you instruct your bank or broker if you want your vote to be counted in the approval of the proposal.**

**Q: HOW MANY VOTES ARE NEEDED TO APPROVE THE PROPOSAL TO AMEND THE COMPANY'S AMENDED AND RESTATED CERTIFICATE OF INCORPORATION TO ALLOW FOR EXCULPATION OF OFFICERS AS PERMITTED BY DELAWARE LAW?**

**A:** The proposal to amend the Company's Amended and Restated Certificate of Incorporation to allow for exculpation of officers as permitted by Delaware law will be approved if holders of a majority of the outstanding shares of stock entitled to vote at the Annual Meeting cast votes "FOR" the proposal. Failing to vote or abstaining from voting will have the same effect as a vote against the proposal.

Banks and brokers are not permitted to vote uninstructed stock for any Company proposals relating to exculpation of officer's provisions. As a result, if you hold your stock through an account with a bank or broker and you do not instruct your bank or broker how to vote your stock on this proposal, no votes will be cast on your behalf with regard to approval of the proposal. **Because broker non-votes will have the same effect as a vote against the proposed amendment, it is critical that you instruct your bank or broker if you want your vote to be counted in the approval of the proposal.**

**Q: HOW MANY VOTES ARE NEEDED TO APPROVE THE SAY-ON-PAY PROPOSAL?**

**A:** The affirmative vote of a majority of shares of Common Stock represented in person or by proxy at the Annual Meeting and entitled to vote is required for approval, on an advisory basis, of the Say-on-Pay proposal. Abstentions will have the same effect as a vote "AGAINST" this proposal. Broker non-votes will not affect the outcome of the proposal.

Banks and brokers are not permitted to vote uninstructed stock for any Company proposals relating to executive compensation. As a result, if you hold your stock through an account with a bank or broker and you do not instruct your bank or broker how to vote your stock on this proposal, no votes will be cast on your behalf with regard to approval of the proposal.

**Because broker non-votes will have no effect on the outcome of the vote, it is critical that you instruct your bank or broker if you want your vote to be counted in the approval of the proposal.**

**Q: HOW MANY VOTES ARE NEEDED TO APPROVE THE RATIFICATION OF THE APPOINTMENT OF THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM?**

**A:** The affirmative vote of a majority of shares of Common Stock represented in person or by proxy at the Annual Meeting and entitled to vote is required to ratify the appointment of the Company's independent registered public accounting firm. Abstentions will have the same effect as a vote "AGAINST" this proposal. Any broker non-votes will have no effect on the ratification of the appointment of our independent registered public accounting firm; however, because brokers, banks and other nominees are permitted under NYSE rules to vote on this routine proposal even if such broker, bank or other nominee does not receive voting instructions, we do not expect broker non-votes on this routine proposal.

**Q: WILL ANY OTHER MATTERS BE VOTED ON?**

**A:** We do not expect any other matters to be considered at the Annual Meeting. However, if a matter not listed on the Internet Notice or proxy card is legally and properly brought before the Annual Meeting, the persons named as proxies in our proxy materials intend to vote the shares for which we have received proxies in accordance with their best judgment. Under the Company's Bylaws, all stockholder proposals must have been received by December 2, 2023, to be considered for inclusion in this Proxy Statement and all other stockholder proposals and director nominations must have been received between January 19, 2024, and February 18, 2024, to be otherwise properly brought before the Annual Meeting. We have not received any stockholder proposals or director nominations from stockholders to be acted upon at the Annual Meeting.

**Q: WHO WILL COUNT THE VOTES?**

**A:** Representatives of Broadridge will count the votes, however submitted. A Company representative will act as inspector of elections.

## QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

**Q: HOW WILL I LEARN THE RESULTS OF THE VOTING?**

**A:** We intend to announce the preliminary voting results of the proposals at the Annual Meeting and to disclose final voting results in a Form 8-K to be filed with the SEC no later than four business days following the Annual Meeting (or, if final results are not available at the time, within four business days of the date on which final results become available).

**Q: WHO PAYS THE COST OF THIS PROXY SOLICITATION?**

**A:** The Company pays the costs of soliciting proxies and has retained Morrow Sodali LLC to assist in the solicitation of proxies and provide related advice and informational support. For these services, the Company will pay Morrow Sodali LLC a services fee of \$15,000, plus reimbursement of customary expenses. The Company will also reimburse brokers, dealers, banks and trustees, or their nominees, for reasonable expenses incurred by them in forwarding proxy materials to beneficial owners of the Common Stock. Additionally, directors, officers and employees may solicit proxies on behalf of the Company by mail, telephone, facsimile, email and personal solicitation. Directors, officers and employees will not be paid additional compensation for such services.

**Q: WHEN ARE STOCKHOLDER PROPOSALS FOR THE 2025 ANNUAL MEETING OF STOCKHOLDERS DUE?**

**A:** For a stockholder proposal to be considered for inclusion in the Company's Proxy Statement for the 2025 Annual Meeting of Stockholders (the 2025 Annual Meeting), the Company's Corporate Secretary must receive the written proposal at our principal executive offices no later than the close of business on November 29, 2024. Such proposals also must comply with SEC regulations under Rule 14a-8 regarding the inclusion of stockholder proposals in company-sponsored proxy materials. The submission of a proposal in accordance with these requirements does not guarantee we will include the proposal in our

Proxy Statement or on our proxy card. Proposals should be addressed to:

Corporate Secretary  
Rayonier Advanced Materials Inc.  
1301 Riverplace Boulevard, Suite 2300  
Jacksonville, Florida 32207

For a stockholder proposal (including a director nomination) to be properly brought before the stockholders at the 2025 Annual Meeting outside of the Company's Proxy Statement, the stockholder must comply with the requirements of the Company's Bylaws and give timely notice in accordance with such Bylaws, which, in general, require the notice be received by the Corporate Secretary: (i) no earlier than the close of business on January 15, 2025; and (ii) no later than the close of business on February 14, 2025. In addition to satisfying the foregoing requirements, pursuant to the universal proxy rules, stockholders who intend to solicit proxies in support of director nominees other than the Company's nominees must provide notice that complies with all requirements of SEC Rule 14a-19.

If the date of the 2025 Annual Meeting is moved more than 30 days before or more than 60 days after May 15, 2024, then notice of a stockholder proposal that is not intended to be included in the Company's Proxy Statement must be received no earlier than the close of business 120 days prior to the meeting and not later than the close of business on the later of: (a) 90 days prior to the meeting; or (b) if the first public announcement of the date of the 2025 Annual Meeting is less than 100 days prior to the date of such meeting, 10 days after public announcement of the meeting date.

**We strongly encourage any stockholder interested in submitting a proposal for the 2025 Annual Meeting to contact our Corporate Secretary at (904) 357-4600 prior to submission in order to discuss the proposal.**

## Rayonier Advanced Materials Inc. Audit Committee Policies and Procedures

### PRE-APPROVAL OF SERVICES PROVIDED BY THE INDEPENDENT AUDITOR

To ensure the Audit Committee (the “Committee”) approves all services to be provided by the Company’s independent auditors and maintains appropriate oversight, the following policies and procedures have been established.

#### Policies and Procedures

1. The Committee will approve the fees for the annual audit of the Company’s financial statements and reviews of quarterly financial statements.
2. The Committee will also approve at one of its regularly scheduled meetings an annual plan of all permissible services to be provided by the independent auditors as well as unanticipated projects that arise.
3. When the timing of the services does not allow for pre-approval in regularly scheduled Committee meetings, the Chair of the Committee (or another member of the Committee so designated) may approve any audit or allowable non-audit services provided that such approved services are reported to the full Committee at the next regularly scheduled meeting. Approval must be received prior to commencement of the service, unless the service is one of the specific services listed below (see No. 4) that is permitted to be performed on a pre-approval basis.
4. The following audit-related services are pre-approved as they become required and need commencement before notifying the Chair:
  - a. Required audits of wholly-owned subsidiaries of the Company
  - b. Consent letters
  - c. Audits of statutory financial statements in countries where audited financial statements must be filed with government bodies
  - d. Annual audits of the Company’s defined benefit and savings plans
  - e. Agreed-upon procedures or other special report engagements performed in connection with requirements under debt agreements or environmental laws; and
  - f. Subscription services for technical accounting resources and updates

This pre-approval (prior to notifying the Committee) is for audit services or allowable audit-related services engagements for which fees are less than \$10,000.

Any services performed in these pre-approved services categories that were not anticipated will be reported to the Committee at the next regularly scheduled meeting after commencement of the services. The requirements, scope and objectives of the service as well as estimated fees and timing will be reported to the Committee.

Any other services, such as for tax services unrelated to the audit, will require the explicit approval of the Chair or the Committee prior to engaging the independent auditor.
